Assembly Candidate's Notes

- Not business of gov.
- I am Pro-Choice
- If promises were made, we have to honor them. We can make changes moving forward.
- Tax should be on the net side.
- We have to have a game plan for our survival.
- It should be available, not at school.
- Until we have a way to test it similar to enforcing DUI.
- Rape, incest, medical necessity, both parents consent.
- The method and material, not the standards.
- As long as the objection does not endanger the wellbeing of others.
- Life of the mother.
- Leave it up to private businesses to set their own policy.
- Abortion should never be encouraged. Post abortion/support is welcome.

Planned Parenthood Provided Health Care, Birth Control, And Cancer Screenings. “The vast majority of federal money that Planned Parenthood does receive goes toward preventive health care, birth control, pregnancy tests and other women’s health services. The group turned 100 in October. President-elect Donald Trump has expressed mixed views about the group, praising its ‘very good work for millions of women’ while maintaining his promise to cut off federal funding if it continues to offer abortion services [...] This is how its services break down: [...] Pap smears (cervical cancer screening): 270,000 per year.” [CNN, [8/1/17](#)]

Planned Parenthood Provided Services To Tens Of Thousands Of Nevadans Every Year. “According to the Guttmacher Institute, in 2014, Nevada only met 10 percent of the need for publicly funded family planning services. The Governor’s commitment to investing in family planning will go a long way in improving that. Statement of Lindsey Harmon, Executive Director, Planned Parenthood Votes Nevada: ‘Governor Sisolak is making good on his promise to protect health care for Nevadans. It is great to see our new Governor take the initiative to protect these services for the tens of thousands of Nevadans who use them every year.’” [Planned Parenthood Votes Nevada, [1/16/19](#)]
