

Salazar Overview Backup

María Elvira Salazar is part of the corrupt Washington that is using their position to get rich off of trading stocks in Congress, while raising prices on everyday South Floridians.

María Elvira Salazar Is Part Of The Corrupt Washington That Is Using Their Position To Get Rich Off Of Trading Stocks In Congress

Backup below.

While Raising Prices On Everyday South Floridians.

Backup below.

Salazar Message #1 Backup

María Elvira Salazar has traded up to \$9 million of stock, including in industries she oversees and is part of the problem in Washington. Salazar supported Donald Trump's tariffs, his cuts to health care and the war in Iran which have raised prices for Miami families on health care, gas, groceries, and everyday goods, and that after six years in Washington she has little to show for South Florida.

María Elvira Salazar Has Traded Up To \$9 Million Of Stock,

Salazar Was A Multi-Millionaire Who Made Over 100 Stock Trades Totaling More Than \$9 Million As A Member Of Congress

Marvell Technology Was A U.S. Based Semiconductor Company With Work In The Aerospace And Defense Industry

Marvell Government Solutions Was A DMEA-Accredited Subsidiary Of Marvell Technology, Inc. “Marvell Government Solutions (MGS), a DMEA-accredited subsidiary of Marvell Technology, Inc., delivers advanced solutions for aerospace and defense (A&D). MGS is a bridge for the defense industrial base to access commercial leading-edge technologies and expertise across multiple layers of security. MGS collaborates with customers to create custom silicon, offer commercial off-the-shelf (COTS) standard products, deliver innovative packaging solutions, and provide access to vetted internally-developed and third-party IP.” [Marvell, accessed [8/12/26](#)]

Marvell Government Solutions Worked In The Aerospace And Defense Industry And Was Awarded Contracts With The Department Of Defense. “Marvell Government Solutions LLC is a semiconductor provider that specializes in storage, networking, and connectivity solutions. They design and develop integrated circuits, including System on a Chip (SoC) devices, that are used across various industries. Through a prime contract award from the Defense Microelectronics Activity in 2019 worth over \$266 million, Marvell Government Solutions LLC is providing unspecified integrated circuits likely to be used in defense applications. As a subcontractor, Marvell has provided computer hardware maintenance and support services to International Business Machines Corporation. They have also provided microcircuits and digital ASICs to Raytheon Company, as well as computer software licensing services to both IBM and Raytheon. Additional subcontracts have been for integrated circuits and ASICs from L3 Fuzing and Ordnance Systems and Raytheon. In summary, Marvell Government Solutions LLC specializes in providing integrated circuits, ASICs, and related hardware and software to support defense industry prime contractors.” [GovTribe, [1/22/24](#)]

Voyager Technologies “Develops Advanced Capabilities For Current And Future Space And Weapons Systems” And Received Department Of Defense Contracts

Voyager Technologies “Develops Advanced Capabilities For Current And Future Space And Weapons Systems.” “Voyager delivers domestic end-to-end propulsion and energetics, from raw materials to fielded systems, and is the only U.S. provider of black powder. The company develops advanced capabilities for current and future space and weapon systems and its breakthrough controllable solid-fuel propulsion delivers precise thrust for orienting, positioning and steering missiles, including hypersonic applications that require extremely fast and accurate high-thrust levels. Voyager’s electric propulsion capabilities for satellite constellations and spacecraft are critical as freedom of maneuver becomes central to space control and deterrence.” [Voyager Technologies, accessed [8/12/26](#)]

DARPA Awarded Voyager Technologies, Inc. A \$16.5 Million Contract To Develop Adaptable Solid Rocket Motors. “Voyager Technologies has received a \$16.5-million contract from DARPA to continue development of technology that gives greater control over solid rocket motor performance after manufacture. The award supports Phase 2 of DARPA’s Burn n’ Go program, an effort aimed at developing solid rocket motors (SRMs) with adjustable thrust characteristics. Conventional SRMs are valued for their simplicity and reliability but typically produce a fixed thrust profile once manufactured, limiting their flexibility for different mission requirements. ‘This award reflects confidence in our ability to translate advanced propulsion technologies into field-ready capabilities that support US national readiness and deterrence,’ said Matt Magaña, president of Space, Defense & National Security at Voyager.” [The Defense Post, [6/4/26](#)]

Corning Incorporated Developed Components For Tactical Missile Nose Cones And Has Received Department Of Defense Contracts For Secure Network Technology

Corning Incorporated Developed Components For Tactical Missile Nose Cones. “Corning produces an extremely durable, proprietary material, Pyroceram, for use in missile radomes. The glass ceramic material, produced by Corning since the 1950s, is opaque, white in color, and has high strength, high elastic modulus, and uniform dielectric properties. It can be manufactured on ogival shapes, hemispheres, pressware sheets and various machined shapes. Corning also has the machining capability to machine and finish other radome materials. [...] Missile Radomes and Missile Dome Technology: Pyroceram was a novel glass-ceramic material that could withstand corrosion, damage, and extreme temperature changes. It also did not interfere with radar signals, which made it suitable for anti-aircraft missile nose cones. The material was so tough that it was used by the military for guided missile nose cones and by NASA for ceramic glass nuts and bolts on the space shuttle.” [Corning Incorporated, accessed [8/12/26](#)]

Corning Incorporated Was Awarded Department Of Defense Contracts For Secure Network Technology. “Corning Incorporated announced today the U.S. Department of Defense's approval and

certification of its Corning Everon® Software-Defined Local Area Network portfolio (SD-LAN) as an Assured Services Local Area Network (ASLAN) by the Joint Interoperability Test Command. The portfolio has been added to the Department of Defense's Information Network (DoDIN) Approved Products List (APL). Compatible with other DOD systems, this portfolio enables data-dense applications and streamlined installations, with the capability to evolve as network needs grow. Federal agencies can reduce up to 50% in total cost of ownership compared to a copper-based legacy network, all while achieving a secure and scalable network.” [MarketScreener, [8/23/24](#)]

Salazar Supported Donald Trump's Tariffs,

February 2026: Salazar Voted Against Ending Tariffs On Canada

February 2026: Salazar Voted Against Terminating The National Emergency That Imposed Tariffs On Goods From Canada. In February 2026, Salazar voted against: “Passage of the joint resolution that would terminate the Feb. 1, 2025, national emergency that imposed tariffs on goods from Canada.” The bill passed by a vote of 219-211. [H. J. Res. 72, [Vote #65](#), 2/11/26; CQ, [2/11/26](#)]

February 2026: Salazar Voted To Stop Congress From Voting On Trump’s Tariffs

Salazar Voted For Providing Consideration Of The Law-Enforcement Innovate To De-Escalate Act, The Undersea Cable Protection Act, The Securing America’s Critical Minerals Supply Act, And Blocking Consideration Of Joint Resolutions Terminating Trump’s Tariffs. In February 2026, Salazar voted for: “Adoption of the rule (H Res 1042) providing for floor consideration of the Law-Enforcement Innovate to De-Escalate Act (HR 2189), the Undersea Cable Protection Act (HR 261), and the Securing America’s Critical Minerals Supply Act (HR 3617). The rule would allow for up to one hour of debate on each measure. It would consider as adopted a substitute amendment to HR 2189 appending the text of the Innovate Less Lethal to De-Escalate Tax Modernization Act (HR 4242), as reported by the Ways and Means Committee. It also would block the expedited consideration of joint resolutions terminating President Donald Trump's 2025 tariff actions under the Feb. 1, April 2, July 30, and Aug. 6 executive orders by providing that each day during the period from Feb. 10, 2026 through July 31, 2026,

will not constitute a calendar day under the federal law pertaining to terminating national emergencies.” The resolution was rejected by a vote of 214-217. [H. Res. 1042, [Vote #60](#), 2/10/26; CQ, [2/10/26](#)]

February 2026: Salazar Voted To Block A Vote On Suspending Trump’s Tariffs

Salazar Voted For Blocking Consideration Of The Law-Enforcement Innovate To De-Escalate Act, The Undersea Cable Protection Act, And The Securing America’s Critical Minerals Supply Act. In February 2026, Republicans voted for: “Langworthy, R-N.Y., motion to order the previous question on the rule (H Res 1042) providing for floor consideration of the Law-Enforcement Innovate to De-Escalate Act (HR 2189), the Undersea Cable Protection Act (HR 261), and the Securing America’s Critical Minerals Supply Act (HR 3617).” According to the Congressional Record, Rep. Neguse said, “Mr. Speaker, if we defeat the previous question, I will offer an amendment to the rule to strike section 4, which would stop an attempt by Republican leadership to block the House from taking up-or-down votes on President Trump’s disastrous tariff policies through the end of July.” A vote *for the motion* was a vote to block consideration of the bill. The motion was agreed to by a vote of 216-214. [H. Res. 1042, [Vote #59](#), 2/10/26; CQ, [2/10/26](#); Congressional Record, [2/10/26](#)]

September 2025: Salazar Voted To Stop Congress From Revoking Trump’s Tariffs

Salazar Voted For Keeping Trump’s Tariffs In Place. In September 2025, Salazar voted for: “Adoption of the rule (H Res 707) providing for floor consideration of four bills that would eliminate the ability of judges in D.C. from treating young adults charged with crimes as juveniles during sentencing (HR 4922), allow vehicular pursuit of a suspect fleeing in a motor vehicle (HR 5143), lower the age at which a juvenile can be charged as an adult for certain crimes from 16 to 14 years of age (HR 5140), and authorize the president to unilaterally make judicial nominations for D.C. courts (HR 5125). It would consider as adopted substitute amendments consisting of the respective texts of their Rules Committee prints. The rule would provide for up to one hour of debate on each measure. The resolution also would provide a closed rule for floor consideration of a bill (HR 1047) that would direct the Federal Energy Regulatory Commission to streamline the procedures for processing requests to integrate new energy generation projects into existing transmission systems; a bill (HR 3015) that would reestablish, and codify, the National Coal Council in the Energy Department; and a bill (HR 3062) that would specify that an entity could not construct or operate a border-crossing facility that imports or exports oil or natural gas or transmits electricity across a U.S. international border without a certificate of crossing. It would consider as adopted a substitute amendment to HR 1407 consisting of the text of Rules Committee Print 119-9, as well as a substitute amendments to HR 3015 and HR 3062 recommended by the House Energy and Commerce Committee. It would provide for up to one hour of debate on each measure. The resolution would further provide that in the engrossment of a House-passed digital assets bill (HR 3633), the House clerk would add the text of another House-passed measure (HR 1919) that would prevent a central bank cryptocurrency as a new matter at the end of the assets bill. It would provide that the clerk make technical corrections based on the change. The resolution also would allow for the tolling (the pausing of counting) of days for resolutions of inquiry from Sept. 30, 2025 through March 31, 2026. It also would provide that each day during the period from April 9, 2025, through March 31, 2026. would not constitute a calendar day for the purposes of section 202 of the National Emergencies Act with respect to a joint resolution to terminate President Donald Trump’s April 2, 2025 executive order declaring a national emergency regarding tariffs on imported goods. The resolution also would provide that during the period for March 11, 2025 through March 31, 2026, would not constitute a calendar day for purposes of section 202 of the National Emergencies Act with respect to a joint resolution terminating a national emergency executive order declared by President Trump on Feb. 1, 2025. Such an executive order concerned tariffs on many Canadian and Mexican imports and Chinese goods. The resolution also would provide that the provisions of section 202 of the National Emergencies Act would not apply through

March 31, 2026 to a joint resolution terminating the national emergency.” The bill passed 213 to 211. [H Res 707, [Vote #268](#), 9/16/25; CQ, [9/16/25](#)]

April 2025: Salazar Voted To Prevent Congress From Voting On Trump’s Tariffs Until September 2025

Salazar Voted For Blocking Expedited Consideration Of Joint Resolutions Terminating Trump’s Tariff Actions And Considering The Senate Amendment To The FY 2025 Budget Resolution. In April 2025, Salazar voted for “Adoption of the rule (H Res 313) that would provide for floor consideration of the Senate amendment to the fiscal 2025 budget resolution (H Con Res 14). The rule would provide up to one hour of debate on a motion to concur in the Senate amendment to the measure. It also would block the expedited consideration of joint resolutions terminating President Donald Trump’s tariff actions under the April 2 executive order by providing that each day during the period from April 9, 2025 through Sept. 30, 2025, will not constitute a calendar day under the federal law pertaining to terminating national emergencies.” The rule was adopted by a vote of 216-215. [H. Res. 313, [Vote #94](#), 4/9/25; CQ, [4/9/25](#)]

April 2025: Salazar Voted To Uphold A Ban On The House From Voting On Trump’s Tariffs

Salazar Voted For Blocking Consideration Of An Amendment Striking A Section Of The Rule That Would Prevent The House From Voting On Trump’s Tariffs. In April 2025, Republicans voted for: “Foxx-N.C., motion to order the previous question (thus ending debate and possibility of amendment).” According to the Congressional Record, Rep. McGovern said, “Mr. Speaker, I am going to urge that we defeat the previous question. I will offer an amendment. My amendment will simply strike section 2 of the rule. That section, tucked in the rule by Republicans this morning, prevents the House from voting on Trump’s disastrous worldwide tariffs, the ones destroying the economy and raising prices on regular Americans.” A vote *for the motion* was a vote to block consideration of the bill. The motion was agreed to by a vote of 217-212. [H Res 313, [Vote #93](#), 4/9/25; CQ, [4/9/25](#); Congressional Record, [4/9/25](#)]

March 2025: Salazar Voted To Uphold Trump’s Tariffs

Salazar Voted For Keeping Trump’s Tariffs In Place. In March 2025, Salazar voted for: “Adoption of the rule (H Res 211) that would provide for floor consideration of the fiscal 2025 full-year continuing appropriations bill (HR 1968); the Pandemic Unemployment Fraud Enforcement Act (HR 1156); and the joint resolution (H J Res 25) providing for congressional disapproval of an Internal Revenue Service rule relating to digital asset sales. It would provide up to one hour of general debate on each measure. It would self-execute the Cole, R-Okla., manager’s amendment to HR 1968 that would make technical corrections. The rule would also block expedited consideration of joint resolutions to terminate national emergencies declared by President Donald Trump on Feb. 1, 2025, by specifying that each day for the remainder of the first session of the 119th Congress will not be considered a calendar day under the National Emergencies Act.” The rule was adopted by a vote of 216-214. [H Res 211, [Vote #67](#), 3/11/25; CQ, [3/11/25](#)]

His Cuts To Health Care

2025: Salazar Supported The One Big Beautiful Bill

July 2025: Rep. Salazar Voted For The One Big Beautiful Bill Act. “July 3, 2025 — House Vote 190 Fiscal 2025 Budget Reconciliation Measure — Motion to Concur Motion to concur in the Senate amendment to the bill that would permanently extend nearly \$4 trillion in expiring individual and business tax cuts, create several new tax breaks and fund border and immigration enforcement and air traffic control upgrades. It would cut Medicaid and other safety net programs to partly offset the cost. Among other provisions, it would raise the statutory debt ceiling by \$5 trillion and appropriate more than \$448 billion in mandatory funding for Trump administration priorities and other needs, including \$153 billion for defense, \$89 billion for immigration enforcement, and \$89.5 billion for border control and security. It also would increase the state and local tax deduction cap to \$40,000 annually for five years for households making up to \$500,000 a year until 2030, when it would permanently revert to \$10,000. Motion agreed to 218-214. Note: A "yea" was a vote in support of the president's position.” [HR 1, Vote No. 190, [7/3/25](#); CQ, [7/3/25](#)]

The One Big Beautiful Bill Enacted The Largest Cuts To Medicaid In History, Slashing Local Hospital Revenue, And Would Kick More Than 92,000 People In FL-27 Off Their Health Insurance

The One Big Beautiful Bill Made The Largest Cuts To Medicaid In The Program’s History

The Hill: Republicans Passed “The Largest Cuts To Medicaid Since The Program Began In The 1960s.” “Senate Republicans on Tuesday passed the largest cuts to Medicaid since the program began in the 1960s, a move that would erode the social safety net and cause a spike in the number of uninsured Americans over the next decade. The tax and spending bill is projected to cost more than \$3 trillion during that time, but it would be partially paid for with about \$1 trillion in cuts to Medicaid. Almost 12 million lower-income Americans would lose their health insurance by 2034, according to the Congressional Budget Office (CBO).” [The Hill, [7/1/25](#)]

- **The Hill: The Republicans’ Reconciliation Bill Made About \$1 Trillion In Cuts To Medicaid.** “Senate Republicans on Tuesday passed the largest cuts to Medicaid since the program began in the 1960s, a move that would erode the social safety net and cause a spike in the number of uninsured Americans over the next decade. The tax and spending bill is projected to cost more than \$3 trillion during that time, but it would be partially paid for with about \$1 trillion in cuts to Medicaid. And The War In Iran

Salazar Voted To Provide \$95 Billion For The Iran War

7/22/26: Salazar Voted For The House Republican Budget Bill That Provided \$95 Billion For The Iran War. “House Vote 281 Fiscal 2027 Budget Resolution — Adoption Adoption of the concurrent resolution that would provide for nearly \$6 trillion in new budget authority in fiscal 2027, not including off-budget accounts. It would require four House committees to report legislation under the budget reconciliation process that would increase the deficit by no more than \$95 billion over the period of fiscal years 2027 through 2036. The amount allotted to each committee would be: \$12 billion for Agriculture, \$60 billion for Armed Services, \$13 billion for Select Intelligence and \$10 billion for House Administration. Adopted 216-214. Note: A "yea" was a vote in support of the president's position.” [H.Con.Res. 113, Vote 281, [7/22/26](#); CQ, [7/22/26](#)]

- **The GOP Budget Blueprint Provided \$95 Billion In Funding For The Iran War.** “Washington — The House adopted a GOP-backed budget blueprint on Wednesday that would provide up to \$95 billion in funding for the Iran war, aid to farmers and parts of President Trump's voting regulations bill known as the SAVE America Act.” [CBS News, [7/22/26](#)]
- **The Trump Administration Supported Passage Of H. Con. Res. 113.** [Statement of Administration Policy, [7/20/26](#)]

Salazar Repeatedly Voted Against Reining In The Iran War

September 2026: Salazar Voted Against Adopting The Iran War Powers Resolution Directing The President To Remove U.S. Armed Forces From Hostilities With Iran

September 2026: Salazar Voted Against Adopting The Iran War Powers Resolution Directing The President To Remove U.S. Armed Forces From Hostilities With Iran. In September 2026, Salazar voted against: “Adoption of the concurrent resolution that would direct the president to remove U.S. armed forces from hostilities with Iran that Congress has not specifically authorized.” The bill was adopted by a vote 220-204. [H. Con. Res 93, [Vote #307](#), 9/15/26; CQ, [9/15/26](#)]

July 2026: Salazar Voted Against The War Powers Resolution To Direct The President To Remove Armed Forces From Hostilities With Iran

July 2026: Salazar Voted Against The War Powers Resolution To Direct The President To Remove Armed Forces From Hostilities With Iran. In July 2026, Salazar voted against: “Adoption of the concurrent resolution that would direct the president to remove U.S. armed forces from hostilities in Iran.” The bill passed by a vote of 214-208. [H Con Res 89, [Vote #282](#), 7/23/26; CQ, [7/23/26](#)]

June 2026: Salazar Voted Against Iran War Powers Resolution

June 2026: Salazar Voted Against Iran War Powers Resolution. In June 2026, Salazar voted against: “Adoption of a resolution that would direct the president to remove U.S. Armed Forces from hostilities with Iran.” The bill adopted, a ‘nay’ vote is in support of the president’s position, by a vote of 215-208. [H Con Res 86, [Vote #199](#), 6/3/26; CQ, [6/3/26](#)]

May 2026: Salazar Voted Against The Iran War Powers Resolution

May 2026: Salazar Voted Against The Iran War Powers Resolution. In May 2026, Salazar voted against: “Adoption of the concurrent resolution that would direct the president to terminate the use of U.S. armed forces from hostilities against Iran unless explicitly authorized by a declaration of war or a specific authorization for use of military force against Iran. It would clarify that nothing in the measure could be construed to disrupt intelligence, counterintelligence or investigative activities.” The resolution was rejected by a vote of 212-212. [H. Con. Res. 75, [Vote #170](#), 5/14/26; CQ, [5/28/26](#)]

April 2026: Salazar Voted Against The Iran War Powers Resolution

April 2026: Salazar Voted Against The Iran War Powers Resolution. In April 2026, Salazar voted against: “Passage of the concurrent resolution that would direct the president to terminate the use of U.S. armed forces from hostilities against Iran unless explicitly authorized by a declaration of war or specific authorization for use of military force against Iran. The measure would exempt the use of U.S. armed forces that may be necessary to defend the U.S. or a U.S. ally or partner from imminent attack.” The bill was rejected by a vote of 213-214. [H Con Res 40, [Vote #114](#), 4/16/26; CQ, [4/16/26](#)]

March 2026: Salazar Voted Against Terminating Hostilities Against Iran

March 2026: Salazar Voted Against Terminating Hostilities Against Iran. In March 2026, Salazar voted against: “Adoption of the concurrent resolution that would direct the president to terminate the use of U.S. armed forces from hostilities against Iran or any part of its military, unless explicitly authorized by a declaration of war or specific authorization for use of military force against Iran.” The bill was rejected by a vote of 212-219. Which Have Raised Prices For Miami Families On Health Care,

The One Big Beautiful Bill Let ACA Tax Credits Expire, Driving Up Health Care Costs For Nearly Five Million Floridians On Marketplace Plans, And Especially Affecting South Florida

The One Big Beautiful Bill Made Health Care More Expensive For Nearly 5 Million Florida Residents That Got Coverage From ACA Marketplace Plans

2025: Nearly 5 Million Floridians Were Enrolled In ACA Marketplace Plans. [KFF, [4/2/25](#)]

Number Of Florida Residents Enrolled In ACA Marketplace Plans In 2025	
State	ACA Marketplace Enrollees
Florida	4,735,415

[KFF, [4/2/25](#)]

KFF Health System Tracker: Insurers That Participated In The ACA Marketplaces Raised Premiums On Average By 20% In 2026. “For 2026, across 312 insurers participating in the ACA Marketplaces from the 50 states and the District of Columbia, this analysis shows a median proposed premium increase of 18%, which is about 11 percentage points higher than last year. This is the largest rate change insurers have requested since 2018, the last time that policy uncertainty contributed to sharp premium increases. On average, ACA Marketplace insurers are raising premiums by about 20% in 2026. Based on a more detailed analysis of available documents from insurers in 19 states and the District of Columbia, like in prior years, growth in health care prices stood out as a key factor driving costs in 2026. Insurers cite increasing cost and utilization of high-priced drugs as well as general market factors, such as increasing labor costs and inflation, as contributing to premium increases.” [KFF Health System Tracker, [8/6/25](#)]

The One Big Beautiful Bill Did Not Extend Enhanced Premium Tax Credits For ACA Marketplace Plans. “The OBBBA did not extend enhanced premium tax credits for ACA marketplace plans. As a result, when open enrollment begins on November 1, 2025, 20 million marketplace enrollees will see their premium costs spike.” [Center for American Progress, [7/29/25](#)]

- **The Majority Of Insurers Took Into Account The Potential Expiration Of Enhanced Premium Tax Credits For Their Rate Increases.** “In addition to rising healthcare costs, the majority of insurers are also taking into account the potential expiration of enhanced premium tax credits in their premium rate increases for the next year. The expiration of enhanced tax credits will lead to out-of-pocket premiums for ACA marketplace enrollees increasing by an average of more than 75%, with insurers expecting healthier enrollees to drop coverage. That, in turn, increases underlying premiums. Other federal policy changes, like the implementation of tariffs and the ACA Marketplace Integrity and Affordability rule were also discussed, though to a lesser extent.” [KFF Health System Tracker, [8/6/25](#)]
- **The Majority Of Insurers Assumed Enhanced Tax Credits Would Expire At The End Of 2025, Which Caused Them To Raise Their Rates By An Average Of 4%.** “Uncertainty over federal policy changes has forced insurers to make some assumptions when developing their rates for 2026. Commonly mentioned by insurers is the impact of the expiration of enhanced premium tax credits, which are scheduled to sunset at the end of 2025, unless extended by Congress. The majority of insurers have assumed that enhanced tax credits will expire at the end of this year, driving rates an average of 4 percentage points higher than they otherwise would be. These increased rates are due to insurers anticipating that some healthier members will leave the ACA Marketplaces when their subsidies decrease, creating an enrollee base that is less healthy and more expensive on average.” [KFF Health System Tracker, [8/6/25](#)]
- **The Expiration Of Enhanced Tax Credits Would Lead To Out-Of-Pocket Premiums For ACA Marketplace Enrollees Increasing By An Average Of Over 75%.** “In addition to rising healthcare costs, the majority of insurers are also taking into account the potential expiration of enhanced premium tax credits in their premium rate increases for the next year. The expiration of enhanced tax credits will lead to out-of-pocket premiums for ACA marketplace enrollees increasing by an average of more than 75%, with insurers expecting healthier enrollees to drop coverage. That, in turn,

increases underlying premiums. Other federal policy changes, like the implementation of tariffs and the ACA Marketplace Integrity and Affordability rule were also discussed, though to a lesser extent.” [KFF Health System Tracker, [8/6/25](#)]

The Average ACA Premium Cost Among Enrollees Could Raise By 132% Or \$521 Annually In Florida

The Average ACA Premium Cost Among Enrollees Could Raise By 132% Or \$521 Annually In Florida. “As the federal government nears a shutdown, a central issue in the government funding fight is health care costs. Premium tax credits (PTCs) help lower the cost of comprehensive insurance coverage for more than 20 million people who buy health insurance on their own through the Affordable Care Act marketplaces. [...] The Urban Institute estimated that among subsidized enrollees, the annual 2025 premium was \$460, though without the enhanced tax credits it would have been \$1,087 even if enrollees were to switch into the lowest-cost plan within their chosen metal tier. That represents a 136 percent increase. In other words, the average premium net of financial assistance would more than double if enhanced PTCs are not extended. These increases in the average net premium would vary by state, with some states seeing even higher increases: In Alaska, the average premium cost among enrollees with financial assistance will increase 346 percent, or \$909 annually. In California, the average premium cost among enrollees with financial assistance will increase 122 percent, or \$1,000 annually. In Florida, the average premium cost among enrollees with financial assistance will increase 132 percent, or \$521 annually.” [Center For American Progress, [9/29/25](#)]

Miami Herald: “Nowhere Are The Effects Of Higher ACA Premiums Felt More Than In Miami-Dade, Which Has The Largest Obamacare Enrollment Population [...] Of Any County In The Nation”

2026: Miami Herald: “Nowhere Are The Effects Of Higher ACA Premiums Felt More Than In Miami-Dade, Which Has The Largest Obamacare Enrollment Population-- More Than 1 Million Last Year, According To The Centers For Medicare And Medicaid Services-- Of Any County In The Nation.” “And nowhere are the effects of higher ACA premiums felt more than in Miami-Dade, which has the largest Obamacare enrollment population — more than 1 million last year, according to the Centers for Medicare and Medicaid Services — of any county in the nation.” [Miami Herald, [3/31/26](#)]

- **Miami Herald Headline: “Meals, Mortgage Or Medicine? Floridians On Obamacare Are Facing Tough Choices.”** [Miami Herald, [3/31/26](#)]

After Floridian Kelli Brvenik’s ACA Monthly Premium Jumped From Less Than \$10 To Nearly \$142 A Month, She Had To Choose Between “Pay[ing] To Keep Her Cancer At Bay, Or Cover Life’s Other Necessities, Like Food And Her Mortgage.” “The new year brought Kellie Brvenik a choice. She could pay to keep her cancer at bay, or cover life’s other necessities, like food and her mortgage. Brvenik, 44, was diagnosed in 2024 with leiomyosarcoma, a rare and aggressive form of cancer. A property manager in Lake Worth Beach, she stayed at work through 10 weeks of radiation, ‘until it became unbearable,’ and she’s since lived off a \$1,952 monthly disability check. It was financially manageable, if even just barely, thanks in part to the fact that her health insurance premium, purchased through the Affordable Care Act’s Federal Marketplace, was just \$0.18 a month. In place since 2021, the ACA’s enhanced premium tax credits capped how much enrollees could be charged relative to their income. Eighty percent of plan holders, like Brvenik, had premiums of less than \$10 a month in 2025. But at the start of this year, Brvenik’s monthly premium jumped to nearly \$142 after the credits expired.” [Miami Herald, [3/31/26](#)]

Gas,

May 2026: The Iran War Was Expected To Drive Diesel Prices To “An All-Time High,” Which Raised Costs For Everyday Goods

May 2026: Politico: “Diesel Fuel Costs Are Also Poised To Set An All-Time High In The U.S., Which In Turn Is Expected To Drive Up Prices For Everything From Groceries To Postage.” “Most Americans are focused on the cost of gasoline at the station up the street — but diesel fuel costs are also poised to set an all-time high in the U.S., which in turn is expected to drive up prices for everything from groceries to postage. A spike in diesel fuel affects a wide array of commodities that need to move across the country – including for home building, manufacturing and much more. And it couldn’t come at a worse time for President Donald Trump and Republicans, just months ahead of the contentious midterm election season in which Democrats are expected to take back the House and possibly the Senate amid intensifying voter anger over the rising cost of living and the unpopular war in Iran.” [Politico, [5/6/26](#)]

- **Politico: The “Inflationary Impact Of High Diesel” Affected “The Cost Of Everything From Eggs To Sneakers,” And Resulted In Price Increases That Were “Passed Along To Consumers.”** “Beyond the impacts to the cost of everything from eggs to sneakers, the inflationary impact of high diesel fuel lasts much longer in the economy than gasoline prices, said John Auers, analyst at consulting firm RBN Energy. Trucking, rail and freight companies sign long-term supply contracts for their diesel, meaning that a higher price will be baked into their costs – and passed along to consumers — for months at a time.” [Politico, [5/6/26](#)]

May 2026: Politico: Increases In Fuel Prices, Including Diesel, Were Largely Due To The Iran War And The Subsequent Closure Of Hormuz. “When fuel prices hit record highs under Biden, it was largely due to post-Covid supply disruptions and because Russia’s war on Ukraine threatened global energy markets. The current price increase is largely due to the U.S. and Israel attack on Iran and the subsequent closure of Hormuz. Diesel prices in February, before U.S. and Israeli forces attacked Iran, were about \$3.75.” [Politico, [5/6/26](#)]

Groceries, And Everyday Goods,

2026: The Joint Economic Committee Estimated That Tariffs Would Cost American Families More Than \$2,500 On Average

Joint Economic Committee Minority: “American Families Will Pay More Than \$2,500 Each In Tariff Costs In 2026.” “Even though the Supreme Court ruled that the bulk of President Trump’s tariff agenda was illegal, the administration moved immediately to enact new tariffs that Treasury Secretary Bessent claims will result in ‘virtually unchanged tariff revenue in 2026’. If Bessent’s estimates hold true, the Joint Economic Committee – Minority estimates that American families will pay more than \$2,500 each in tariff costs in 2026. Building on its previous tariff cost estimates, the Committee combined official data from the U.S. Treasury Department on the amount of tariff revenue collected since the start of 2025 with independent estimates from the nonpartisan Congressional Budget Office of the percent of each tariff dollar that is ultimately paid by American consumers. The Committee found that if tariff revenue stays at the level recorded in January 2026 for the rest of the year, American families would in total pay more than \$330 billion in tariff costs in 2026, an average of more than \$2,500 per household in tariff costs this year. This is substantially higher than the more than \$1,700 in average tariff costs that the JEC – Minority previously estimated that families paid during the first year of Trump’s second term.” [Joint Economic Committee Minority, Fact Sheet, [March 2026](#)]

Consumers Shouldered The Burden Of Trump's Tariffs As They Raised The Price Of Basic Goods Like Food And Clothing

Consumers Shouldered 55% Of The Tariff Burden As Compared To Businesses

The Hill Headline: “US Consumers Shouldering 55 Percent Of Trump Tariff Costs: Goldman Sachs” [The Hill, [10/13/25](#)]

Fox News Headline: “US Businesses And Consumers Shoulder The Bulk Of Tariff Cost Burden, Goldman Sachs Finds” [Fox News, [10/21/25](#)]

Goldman Sachs Found U.S. Consumers Would Be Absorbing 55% Of Tariff Costs By The End Of 2025. “Goldman’s economists assessed that by the end of 2025, U.S. consumers will be absorbing 55% of tariff costs, while 22% will fall on U.S. businesses, 18% on foreign exporters and 5% on potential tariff evasion. ‘Our 22% estimate for U.S. businesses is modest because it is a net impact – companies that use or sell imported goods will bear a larger share of tariff costs, while domestic producers that are shielded from foreign competition by tariffs will be able to raise their own prices and increase their margins,’ the economists wrote.” [Fox Business, [10/21/25](#)]

Trump's Tariffs Raised Prices On Cars

Kelley Blue Book: “President Trump Has Announced A 25% Tariff On All Cars Built Outside The United States And On Many Parts Used In Cars Built Here. [...] Shoppers Can Expect The Tariffs To Increase Car Prices By As Much As \$6,000 On Vehicles Priced Under \$40,000.” “President Trump has announced a 25% tariff on all cars built outside the United States and on many parts used in cars built here. See our latest news updates below on where tariffs stand. Effective Dates: Imported Cars: Tariffs began on April 3. Car Parts: Tariffs began on May 3. These tariffs have started to increase car prices. To save money, consider locking in a new car deal before any potential price increases take effect. Can You Avoid a Car Tariff? No vehicle made at an assembly plant in the United States is 100% made here. Even Tesla sources its parts from other countries. This means that with tariffs, car prices will increase for American car buyers, though the timing remains unclear. You can potentially avoid paying a tariff on a new car by purchasing one that was imported to the U.S. before the tariffs took effect, or by buying a used car. How Will Tariffs Affect Car Buying? If new cars become too expensive, used cars will become more attractive. However, if demand spikes, used car prices may also increase. Here’s more information: New cars: Shoppers can expect the tariffs to increase car prices by as much as \$6,000 on vehicles priced under \$40,000. Higher car prices mean higher car taxes, financing, car insurance, and other ownership costs. This price pressure will make cars less affordable for consumers.” [Kelley Blue Book, [9/15/25](#)]

Trump's Tariffs Raised Prices On Groceries

Trump's Tariffs Contributed To Prices Rising For Groceries. “President Donald Trump pledged to bring down grocery costs. But his administration’s policies are contributing to an acceleration in prices, food economists and companies say. Grocery prices last month rose at their fastest pace in three years, stoked by Trump’s tariffs, a crackdown on immigration, and extreme weather hurting food production. Prices jumped 0.6% in August from the month prior, according to the latest reading from the Bureau of Labor Statistics, and they are up 2.7% from a year ago. Food prices are deeply personal to consumers, and weekly grocery bills shape their overall perceptions of the economy. More than half of Americans count grocery costs as a major stress in their lives. Low-income and middle-income Americans, hit the hardest by rising grocery costs, are changing where they shop and what they buy. Companies are also taking extreme measures to appeal to shoppers strained by higher prices, such as bringing back paper coupons.” [CNN, [9/20/25](#)]

- **Axios Headline: “Grocery Inflation Highest Since 2022 As Trump Tariffs Pile Up.”** [Axios, [9/11/25](#)]

Trump's Tariffs Raised Prices On Apparel Goods

Trump's Tariffs Raised Prices On Apparel Goods. “The impact of President Donald Trump’s tariffs on prices throughout the economy is expected to increase over the summer. At U.S. department store chains including Macy’s, Nordstrom, and Dillard’s, the evidence of sticker price inflation is starting to show up across more items. Recent price increases in apparel, footwear, and bags across major U.S. department-store websites tracked by DataWeave indicate a turning point in May, when prices started their ascent. DataWeave analyzes nearly 15,000 SKUs (stock keeping units), a scannable code retailers use to identify and track a product, and has been collecting that data from January to June for signs of price hikes in footwear, apparel, and bags. ‘Footwear is now as much as 4% above January levels at some banners, while apparel is roughly half that pace,’ said Karthik Bettadapura, co-founder & CEO of DataWeave.” [CNBC, [7/2/25](#)]
