

Scott Singer Overview Backup

As Floridians continue to be crushed by skyrocketing prices, Scott Singer has a history of selling out South Florida families to his wealthy developer friends and big health insurance companies while lining his own pockets.

As Floridians Continue To Be Crushed By Skyrocketing Prices,

The Average Household In Florida Had To Pay An Additional \$3,400 For Goods And Services Due To Rising Costs Under Trump

The Average Household In Florida Had To Pay An Additional \$3,400 For Goods And Services Due To Rising Costs Under Trump. “As of July 2026, the average household in Florida has had to pay an additional \$3,400+ for goods and services due to rising costs under President Trump. Despite his repeated pledges on the campaign trail that his administration would ‘end inflation’ and bring down costs for families, Trump and Republicans in Congress have instead caused costs to continue to rise significantly, including through Trump’s reckless tariffs and war in Iran.” [Joint Economic Committee Minority, Fact Sheet, [August 2026](#)]

Scott Singer Has A History Of Selling Out South Florida Families To His Wealthy Developer Friends

As Mayor Of Boca Raton, Singer Voted And Advocated For The One Boca Redevelopment Plan To Turn Over Dozens Of Acres Of City Land To Private Developers

February 2025: Singer Announced The City Of Boca Raton Entered Ino A “Partnership” With Bacon Raton City Center, LLC, A Joint Venture Between Two Florida Developer Companies

Feb. 2025: Boca Raton Announced A Partnership With Boca Raton City Center, A Joint Venture Between Terra & Frisbie Group. “The City of Boca Raton is moving forward with a transformative long-term vision for its Government Campus through a partnership with Boca Raton City Center, LLC, a joint venture between the Miami-based Terra and Palm Beach-based Frisbie Group (Terra & Frisbie Group). This exciting initiative, which has been years in the making, builds on strategic planning efforts to redevelop the campus into a vibrant civic and community hub. The Boca Raton City Council made the unanimous decision during its February 11 meeting, marking a significant milestone in the process to modernize and revitalize the campus, ensuring that public facilities evolve to meet the needs of the community and enhance the efficiency of City services. ‘Boca Raton’s future is brighter than ever,’ said Mayor Scott Singer. ‘This project is more than just a redevelopment—it’s about creating a civic center that better serves our community, provides opportunities for employment and business, and transforms the town square into a destination where residents want to be.’” [City of Boca Raton, Press Release, [2/13/25](#)]

June 2025: Singer Initiated The Motion And Voted For Approving Staff To Move Forward With The Interim Master Plan For Redevelopment

June 2025: Singer Initiated The Motion And Voted For Approving Staff To Move Forward With The Interim Master Plan For The “Government Campus Redevelopment Partnership Opportunity.” In June

2025, Singer voted for: “Deputy City Manager Andy Lukasik provided an update to the interim master plan and advised that a voice vote could be taken to approve the amended changes to the uses, densities, and intensity. Discussion ensued. Council Member Drucker advised that this master plan should include a transit hub. Deputy Mayor Nachlas also supported the addition of a transit hub and enhanced recreation. Council Member Wigder thanked staff and the consultants for their work and advised that this was a checkpoint along a long path. Mayor Singer advised that there would be more public outreach in the future and plans would continue to evolve. [...] Motion was made by Mayor Scott Singer, seconded by Council Member Yvette Drucker, to approve staff to move forward on the Interim Master Plan.” The motion was passed by a vote of 4-1. [City of Boca Raton, Meeting Minutes, Agenda Item 10.A.2, Government Campus Redevelopment Partnership Opportunity, [6/10/25](#)]

2025: Singer Advocated For The One Boca Plan, Calling It A “Long-Term Economic Win” And Claiming It Would Bring “Billions” In Investment To The City

August 2025: Singer Said The 30-Acre Public-Private Partnership Would It Be “Transformative.” Host: “So remind me how much time you have left in your, your term as.” Singer: “And so I've got eight months and two days as of today, July 29. I've termed out in March 30, March 31 of 2026, but we are running through that finish line. I alluded to it before, but I'll talk about it now. We're working on a billion dollar plus public private partnership for 30 acres of land that we have downtown. It's our City hall campus where I'm sitting right now, and our city hall that was built in 1964, community center built that same year. City one tenth of our size, surrounded by some recreational facilities and some other stuff that's really not utilized as well as it could be. Recreation is important. So we're said we're increasing the recreational space, moving it different parts in our existing parks, creating a much more green space downtown, but adding a new community center. City hall and why? Partnering with a private partner to add office, residential, retail and hotel, all near the Bright Line station. Create what is a mixed use community. Our successful part of our downtown is called Mizner Park. It was the first mixed use community of its type 35 years ago. We're looking to recreate that and then some. And I really like to get that done this fall and get that going because it'll be transformative. It will create opportunity and amenities for residents now, job opportunities for current and future residents, and also send a signal to the world that we are hoping for business.” [The Interview with Leslie Heaney, Building a City That Thrives: A Conversation with Boca Raton Mayor Scott Singer, 36:30, [8/28/25](#)] (AUDIO)

July 2025: WFLX: “Boca Mayor, Scott Singer, Is In Support Of The [Boca Redevelopment] Plan.”

“Residents of Boca Raton are calling for a pause on the Boca Redevelopment Plan amid ongoing concerns over how the public property will be used by private developers. WFLX first told you about the 30-acre mixed-use development for downtown Boca Raton. Miami-based Terra Group and Beach Frisbie won the bid to construct a new city hall, community center, office spaces, hotel and residential units near downtown Boca Raton. ‘I was shocked! How can they do this?’ asked Kimberly Paton, owner of Boca Prints. The city’s mayor, Scott Singer, says the plan would bring about jobs and ‘billions’ in investments into Boca Raton over the lifetime of the development. However, Save Boca- made up of Boca residents and business owners wants Boca voters to decide if the development continues. Jon Pearlman, organizer behind Save Boca, said he’s furious about the proposed change. ‘This is public land, and we to keep this land. We want them to keep it for public use and that’s what this petition seeks to do,’ Pearlman said. Save Boca has collected over one thousand petition signatures from Boca Raton residents in hopes of getting a charter amendment that would allow residents to vote on how this property and all future public land is used. At Tuesday night’s city council meeting, the group descended in large numbers, asking for transparency over the Boca redevelopment plan. ‘We the people demand to put this to a vote. No more of this. Put it to a vote,’ said one person. City leaders say the redevelopment plan is not final and residents can still submit feedback. Boca Mayor, Scott Singer, is in support of the plan. ‘We saw the opportunity under the state provision for a public-private partnership, to provide more value to taxpayers,’ said Singer Tuesday night.” [WFLX, [7/16/25](#)]

July 2025: Singer Called The Redevelopment Plan A “Long-Term Economic Win.” “A packed crowd at Boca Raton’s City Council meeting this week opposed a major downtown development plan — presenting two separate petitions challenging the project. In March, the council unanimously approved the plan to turn 30 acres of an aging downtown area near the Brightline station into a dynamic mixed-use complex including a new city hall, a community center, a hotel and housing. Mayor Scott Singer has called it a long-term economic win, as he courts prospective residents from out-of-state. At Tuesday’s meeting he compared it to the mixed-use district Mizner Park.” [WLRN, [7/17/25](#)]

- **WLRN Headline: “Downtown Boca Raton Redevelopment Plans Face Growing Pushback From Residents.”** [WLRN, [7/17/25](#)]

July 2025: Singer Said The Redevelopment Plan Was A “Once-In-A-Lifetime Opportunity.” “Boca Raton is a city cherished by residents for its scenic beauty and parks. ‘We love the park. The park is very safe and shaded. It’s next to the police station,’ said Barbara Moran, a local nanny. Like many places in South Florida, the land is also viewed as prime real estate. ‘Redeveloping our city hall campuses is a once-in-a-lifetime opportunity to remake our city,’ said Mayor Scott Singer, who feels the area needs renovations. ‘I’m standing here in our old city hall chambers, which we haven’t been able to use because of size and floods. Plus, this building is way past its useful life.’ The redevelopment plan features a mixed-use project that will include a new city hall, community center, retail space, over 900 residential units, a 150-room hotel, and 4,000 parking spaces.” [WFLX, [7/15/25](#)]

January 2026: Singer Voted To Authorize The Transaction Relating To The Redevelopment Of The Downtown Campus

January 2026: Singer Voted For Ordinance 5769, To Authorize The Transaction Relating To The Redevelopment Of The Downtown Campus. In January 2026, Singer voted for: “Ordinance No. 5769 An ordinance of the City of Boca Raton authorizing a transaction between the City, the Boca Raton Community Redevelopment Agency (CRA), and Boca Raton City Center, LLC, relating to the redevelopment of the Downtown Campus; providing for a mixed-use, transit-oriented district on City-owned property east of Northwest Second Avenue and the improvement of City- owned property west of Northwest Second Avenue for public parks and civic uses, pursuant to Section 163.380, Florida Statutes, and Chapter 13, Article 111 , ‘Sale of City Property,’ Code

of Ordinances; providing for severability; providing for repealer; providing an effective date.” The motion passed by a vote of 4-1. [City of Boca Raton, Meeting Minutes, Agenda Item 11.A, Ordinance No. 5769, [1/20/26](#)]

- **City Of Boca Raton: Voting For Ordinance 5769 Conditionally Authorized The Project And Was Expressly Contingent On Voter Approval.** “City Council held a Special Meeting to reaffirm that the Downtown Campus Redevelopment Project cannot move forward unless approved by voters and to confirm there is one binding City-wide vote on March 10, 2026 that determines the outcome. **KEY POINTS** • Ordinance 5769, approved Jan. 20, conditionally authorizes the project and is expressly contingent on voter approval. • A separate petition seeking a second referendum was submitted Jan. 21. • Because a binding referendum is already scheduled for March 10, a second referendum would be duplicative. **COUNCIL ACTIONS** • Ordinance 5772 was introduced to clarify that a ‘no’ vote automatically repeals Ordinance 5769. • Resolution 006-2026 was approved (5-0), confirming March 10 is the single, binding vote that controls whether the project moves forward. **WHAT HAPPENS NEXT - THE FACTS** • Vote NO: No deal with Terra/Frisbie – Boca City Center, LLC. The project does not move forward. • Vote YES: Agreements remain in effect and next planning steps may proceed.” [City of Boca Raton, Twitter, [1/28/26](#)]

The One Boca Project Was A 99-Year Lease And Public-Private Partnership With Developers Terra And Frisbie To Redevelop Boca Raton’s Downtown Government Campus

The One Boca Project Was A 99-Year Lease And Master Agreement With Private Developers Terra And Frisbie To Build New City Facilities

The One Boca Project Was A 99-Year Lease And Master Agreement With Developers Terra And Frisbie. “On Jan. 20, the City Council voted 4-1 to approve a 99-year lease and master agreement for the One Boca project, a public-private partnership with developers Terra and Frisbie. The decision marks the end of a long legislative journey, but sets the stage for a high-stakes citywide referendum on March 10. Voters are essentially deciding whether to use private development to pay for new city facilities or to risk using the city's own savings to upgrade the aging campus later. Originally proposed as a 30-acre overhaul, the plan has been trimmed and reshaped in response to public scrutiny and a ‘Save Boca’ petition drive. Supporters see the project as a smart way to get a new

City Hall and more park space without using tax dollars, while critics worry the city is taking a financial gamble.” [The Palm Beach Post, [3/5/26](#)]

Health Insurers Increased Premiums In Florida In Light Of The Expiration Of ACA Tax Credits

Florida Residents Saw Their Insurance Premiums Spike After ACA Enhanced Tax Credits Expired

Headline: “‘Punch In The Gut’: Florida Family Hit With \$3,430 Monthly Health Insurance Bill” [NBC Miami, [8/20/26](#)]

Fort Lauderdale Resident Steve Reyes Witnessed His Monthly Health Insurance Premium For His Family Of Four Jump From \$982 A Month To \$3,430 After ACA Tax Credits Expired. “Last year, Fort Lauderdale resident Steve Reyes paid \$982 a month for an Obamacare plan covering a family of four. In January, that monthly premium jumped to \$3,430. ‘When we got the bill, it was the proverbial punch in the gut,’ Reyes said. Reyes is one of millions of Florida residents whose premiums rose this year after Congress failed to extend federal subsidies for health insurance. The subsidies significantly lower health insurance costs for Affordable Care Act marketplace shoppers.” [NBC Miami, [8/20/26](#)]

Florida Residents Were Spending On Average \$468 A Year More On Premiums After Tax Credits Expired. “The state leads the U.S. in ACA enrollment due to its large number of small businesses, gig economy and decision not to expand Medicaid, a joint federal and state program that helps low-income people get covered. But two million fewer Floridians chose ACA coverage during open enrollment this year compared to last, marking the first decline in open enrollment in nearly a decade. Around 95% of Florida consumers receive a different kind of subsidy, known as advanced premium tax credits, but costs remain a challenge. During open enrollment, Florida consumers shopping on the marketplace signed up to pay average premiums of \$106 a month after tax credits, compared to around \$67 monthly last year. That means on average, Floridians are spending an additional \$468 a year on premiums.” [NBC Miami, [8/20/26](#)]

Florida Teacher And Writer Lisa Long Said Her Monthly Premium Increased More Than \$800 A Month Up To \$2,200 For Her Individual Plan. “Writer and teacher Lisa Long is one of them. The 61-year-old has a rare joint disease that causes aggressive, noncancerous tumors, and she relies on the ACA marketplace to access the specialists who treat her, she said. She's still a few years away from qualifying for Medicare. Long pays about \$2,200 a month for her individual plan, which comes with a \$9,000 deductible. That's about \$800 more than she paid a year ago. Her premium is also now higher than it was two years ago, when the same plan covered both her and her son, she added. Her husband, who has gone through cancer treatment, is retired and on Medicare. So to keep up with the costs, Long has started working weekends in addition to her five-day workweek. She keeps paying for coverage because her specialists won't see her without it, she said.” [NBC Miami, [8/20/26](#)]

2025: Florida ACA Premiums Were Anticipated To Increase 34.1% For 2026. “Almost 4.7 million Floridians rely on the Affordable Care Act for health insurance. Many of them are getting policy renewal notices with sharp increases in what they will have to pay each month during 2026. November is when people buy or renew health insurance policies through the Affordable Care Act. Florida has more residents using ACA policies than any other state. Data from the state of Florida shows the expected average increase in ACA policy premiums will be 34.1% in Florida next year. Orlando resident Daniel Fuller, along with his girlfriend, has been using coverage through the ACA ever since he got laid off last December.” [Spectrum News 13, [11/4/25](#)]

Scott Singer Message #1 Backup

As Floridians are crushed by skyrocketing prices, Scott Singer sold out the people of his own city to wealthy developers. He tried to bulldoze Boca Raton's Veterans Memorial Park and turn over dozens of acres of public land to private developers; a plan residents overwhelmingly rejected after public outrage. He has also taken nearly \$2 million from a shady organization tied to developers.

As Floridians Are Crushed By Skyrocketing Prices, Scott Singer Sold Out The People Of His Own City To Wealthy Developers.

The Average Household In Florida Had To Pay An Additional \$3,400 For Goods And Services Due To Rising Costs Under Trump

The Average Household In Florida Had To Pay An Additional \$3,400 For Goods And Services Due To Rising Costs Under Trump. “As of July 2026, the average household in Florida has had to pay an additional \$3,400+ for goods and services due to rising costs under President Trump. Despite his repeated pledges on the campaign trail that his administration would ‘end inflation’ and bring down costs for families, Trump and Republicans in Congress have instead caused costs to continue to rise significantly, including through Trump’s reckless tariffs and war in Iran.” [Joint Economic Committee Minority, Fact Sheet, [August 2026](#)]

As Mayor Of Boca Raton, Singer Voted And Advocated For The One Boca Redevelopment Plan To Turn Over Dozens Of Acres Of City Land To Private Developers

June 2025: Singer Initiated The Motion And Voted For Approving Staff To Move Forward With The Interim Master Plan For Redevelopment

June 2025: Singer Initiated The Motion And Voted For Approving Staff To Move Forward With The Interim Master Plan For The “Government Campus Redevelopment Partnership Opportunity.” In June 2025, Singer voted for: “Deputy City Manager Andy Lukasik provided an update to the interim master plan and

advised that a voice vote could be taken to approve the amended changes to the uses, densities, and intensity. Discussion ensued. Council Member Drucker advised that this master plan should include a transit hub. Deputy Mayor Nachlas also supported the addition of a transit hub and enhanced recreation. Council Member Wigder thanked staff and the consultants for their work and advised that this was a checkpoint along a long path. Mayor Singer advised that there would be more public outreach in the future and plans would continue to evolve. [...] Motion was made by Mayor Scott Singer, seconded by Council Member Yvette Drucker, to approve staff to move forward on the Interim Master Plan.” The motion was passed by a vote of 4-1. 2025: Singer Advocated For The One Boca Plan, Calling It A “Long-Term Economic Win” And Claiming It Would Bring “Billions” In Investment To The City

August 2025: Singer Said The 30-Acre Public-Private Partnership Would It Be “Transformative.” Host: “So remind me how much time you have left in your, your term as.” Singer: “And so I've got eight months and two days as of today, July 29. I've termed out in March 30, March 31 of 2026, but we are running through that finish line. I alluded to it before, but I'll talk about it now. We're working on a billion dollar plus public private partnership for 30 acres of land that we have downtown. It's our City hall campus where I'm sitting right now, and our city hall that was built in 1964, community center built that same year. City one tenth of our size, surrounded by some recreational facilities and some other stuff that's really not utilized as well as it could be. Recreation is important. So we're said we're increasing the recreational space, moving it different parts in our existing parks, creating a much more green space downtown, but adding a new community center. City hall and why? Partnering with a private partner to add office, residential, retail and hotel, all near the Bright Line station. Create what is a mixed use community. Our successful part of our downtown is called Mizner Park. It was the first mixed use community of its type 35 years ago. We're looking to recreate that and then some. And I really like to get that done this fall and get that going because it'll be transformative. It will create opportunity and amenities for residents now, job opportunities for current and future residents, and also send a signal to the world that we are hoping for business.” [The Interview with Leslie Heaney, Building a City That Thrives: A Conversation with Boca Raton Mayor Scott Singer, 36:30, [8/28/25](#)] (AUDIO)

July 2025: WFLX: “Boca Mayor, Scott Singer, Is In Support Of The [Boca Redevelopment] Plan.”

“Residents of Boca Raton are calling for a pause on the Boca Redevelopment Plan amid ongoing concerns over how the public property will be used by private developers. WFLX first told you about the 30-acre mixed-use development for downtown Boca Raton. Miami-based Terra Group and Beach Frisbie won the bid to construct a new city hall, community center, office spaces, hotel and residential units near downtown Boca Raton. ‘I was shocked! How can they do this?’ asked Kimberly Paton, owner of Boca Prints. The city’s mayor, Scott Singer, says the plan would bring about jobs and ‘billions’ in investments into Boca Raton over the lifetime of the development. However, Save Boca- made up of Boca residents and business owners wants Boca voters to decide if the development continues. Jon Pearlman, organizer behind Save Boca, said he’s furious about the proposed change. ‘This is public land, and we to keep this land. We want them to keep it for public use and that’s what this petition seeks to do,’ Pearlman said. Save Boca has collected over one thousand petition signatures from Boca Raton residents in hopes of getting a charter amendment that would allow residents to vote on how this property and all future public land is used. At Tuesday night’s city council meeting, the group descended in large numbers, asking for transparency over the Boca redevelopment plan. ‘We the people demand to put this to a vote. No more of this. Put it to a vote,’ said one person. City leaders say the redevelopment plan is not final and residents can still submit feedback. Boca Mayor, Scott Singer, is in support of the plan. ‘We saw the opportunity under the state provision for a public-private partnership, to provide more value to taxpayers,’ said Singer Tuesday night.” [WFLX, [7/16/25](#)]

July 2025: Singer Called The Redevelopment Plan A “Long-Term Economic Win.” “A packed crowd at Boca Raton’s City Council meeting this week opposed a major downtown development plan — presenting two separate petitions challenging the project. In March, the council unanimously approved the plan to turn 30 acres of an aging downtown area near the Brightline station into a dynamic mixed-use complex including a new city hall, a community center, a hotel and housing. Mayor Scott Singer has called it a long-term economic win, as he courts prospective residents from out-of-state. At Tuesday’s meeting he compared it to the mixed-use district Mizner Park.” [WLRN, [7/17/25](#)]

- **WLRN Headline: “Downtown Boca Raton Redevelopment Plans Face Growing Pushback From Residents.”** [WLRN, [7/17/25](#)]

July 2025: Singer Said The Redevelopment Plan Was A “Once-In-A-Lifetime Opportunity.” “Boca Raton is a city cherished by residents for its scenic beauty and parks. ‘We love the park. The park is very safe and shaded. It’s next to the police station,’ said Barbara Moran, a local nanny. Like many places in South Florida, the land is also viewed as prime real estate. ‘Redeveloping our city hall campuses is a once-in-a-lifetime opportunity to remake our city,’ said Mayor Scott Singer, who feels the area needs renovations. ‘I’m standing here in our old city hall chambers, which we haven’t been able to use because of size and floods. Plus, this building is way past its useful life.’ The redevelopment plan features a mixed-use project that will include a new city hall, community center, retail space, over 900 residential units, a 150-room hotel, and 4,000 parking spaces.” [WFLX, [7/15/25](#)]

January 2026: Singer Voted To Authorize The Transaction Relating To The Redevelopment Of The Downtown Campus

January 2026: Singer Voted For Ordinance 5769, To Authorize The Transaction Relating To The Redevelopment Of The Downtown Campus. In January 2026, Singer voted for: “Ordinance No. 5769 An ordinance of the City of Boca Raton authorizing a transaction between the City, the Boca Raton Community Redevelopment Agency (CRA), and Boca Raton City Center, LLC, relating to the redevelopment of the Downtown Campus; providing for a mixed-use, transit-oriented district on City-owned property east of Northwest Second Avenue and the improvement of City- owned property west of Northwest Second Avenue for public parks and civic uses, pursuant to Section 163.380, Florida Statutes, and Chapter 13, Article 111 , ‘Sale of City Property,’ Code

of Ordinances; providing for severability; providing for repealer; providing an effective date.” The motion passed by a vote of 4-1. [City of Boca Raton, Meeting Minutes, Agenda Item 11.A, Ordinance No. 5769, [1/20/26](#)]

- **City Of Boca Raton: Voting For Ordinance 5769 Conditionally Authorized The Project And Was Expressly Contingent On Voter Approval.** “City Council held a Special Meeting to reaffirm that the Downtown Campus Redevelopment Project cannot move forward unless approved by voters and to confirm there is one binding City-wide vote on March 10, 2026 that determines the outcome. **KEY POINTS** • Ordinance 5769, approved Jan. 20, conditionally authorizes the project and is expressly contingent on voter approval. • A separate petition seeking a second referendum was submitted Jan. 21. • Because a binding referendum is already scheduled for March 10, a second referendum would be duplicative. **COUNCIL ACTIONS** • Ordinance 5772 was introduced to clarify that a ‘no’ vote automatically repeals Ordinance 5769. • Resolution 006-2026 was approved (5-0), confirming March 10 is the single, binding vote that controls whether the project moves forward. **WHAT HAPPENS NEXT - THE FACTS** • Vote NO: No deal with Terra/Frisbie – Boca City Center, LLC. The project does not move forward. • Vote YES: Agreements remain in effect and next planning steps may proceed.” [City of Boca Raton, Twitter, [1/28/26](#)]

The One Boca Project Was A 99-Year Lease And Public-Private Partnership With Developers Terra And Frisbie To Redevelop Boca Raton’s Downtown Government Campus

The One Boca Project Was A 99-Year Lease And Master Agreement With Private Developers Terra And Frisbie To Build New City Facilities

The One Boca Project Was A 99-Year Lease And Master Agreement With Developers Terra And Frisbie. “On Jan. 20, the City Council voted 4-1 to approve a 99-year lease and master agreement for the One Boca project, a public-private partnership with developers Terra and Frisbie. The decision marks the end of a long legislative journey, but sets the stage for a high-stakes citywide referendum on March 10. Voters are essentially deciding whether to use private development to pay for new city facilities or to risk using the city's own savings to upgrade the aging campus later. Originally proposed as a 30-acre overhaul, the plan has been trimmed and reshaped in response to public scrutiny and a ‘Save Boca’ petition drive. Supporters see the project as a smart way to get a new

City Hall and more park space without using tax dollars, while critics worry the city is taking a financial gamble.” [The Palm Beach Post, [3/5/26](#)]

The One Boca Downtown Campus Redevelopment Project Would Redevelop The Downtown Government Campus Into 765 Multifamily Homes, 182 Condominiums, A Hotel, And Retail And Office Space

The One Boca Downtown Campus Redevelopment Project Would Redevelop The Downtown Government Campus Into 765 Multifamily Homes, 182 Condominiums, A Hotel, Retail And Office Space. “Boca Raton community leaders and opponents of the One Boca downtown campus redevelopment project made their final pushes Monday, just hours before voters head to the polls Tuesday to decide the project's fate. Business leaders and members of the Greater Boca Raton Chamber of Commerce rallied in support of the project, urging residents to vote yes. Just miles away, members of Save Boca gathered to rally against the public-private partnership, urging voters to say no. WPTV Zitlali Solache has been closely following the project for over a year. The One Boca project would redevelop the downtown government campus near Northwest 2nd Avenue into 765 multifamily homes, 182 condominiums, a hotel, retail and office space. It also includes a new City Hall community center, police substation, and enhanced Memorial Park.” [WFLX, [3/10/26](#)]

He Tried To Bulldoze Boca Raton’s Veterans Memorial Park And Turn Over Dozens Of Acres Of Public Land To Private Developers; A Plan Residents Overwhelmingly Rejected After Public Outrage.

The One Boca Plan Originally Planned For Veterans Memorial Park To Be “Subsumed” Into The Larger Development Area

The One Boca Plan Originally Planned For Veterans Memorial Park To Be “Subsumed” Into The Larger Development Area

The One Boca Plan Originally Planned For Veterans Memorial Park To Be “Subsumed” Into The Larger Development Area. “Under the revised plan, public recreational space would be doubled from 7.6 acres to 15.4 acres, with the developers promising to work collaboratively with residents on the ultimate layout. [...] The announcement did not include details on how many residential units would be constructed, nor the exact amount of commercial space that would be reserved. Likewise, there were no details shared on the types of businesses that

would be solicited for the private portion of the site, though the inclusion of a hotel was stated. The plan was discussed at a workshop meeting of the city council on Monday, and it is expected that Terra-Frisbie representatives will address those details at the regular city council meeting Tuesday night, during which residents will have the opportunity to be heard. Potential updates or changes to the financial structure or expectations of the deal were also expected to be shared. The developers' statement issued Monday focused on public uses, including the fate of Memorial Park, which was originally due to be subsumed into the larger redevelopment area. Memorial Park will remain, and anchor the area west of NW 2nd Avenue, the statement said." [Boca Daily News, [10/28/25](#)]

Memorial Park Was Named To Honor World War II Veterans

Residents And Veterans Of Boca Raton Argued The One Plan Development Threatened The Historical Memorial Park That Was Named To Honor World War II Veterans. "Hundreds of Boca Raton residents packed a recent city council meeting to voice strong opposition to a controversial plan that would lease 30 acres of Memorial Park to developers for 99 years in exchange for a new downtown campus. The heated public forum revealed deep community divisions over the proposed development, with residents and veterans arguing the plan threatens the historical significance of Memorial Park, which was named in 1947 to honor World War II veterans." July 2025: Boca Magazine: “For Nearly Two Hours Tuesday Night, Boca Raton Residents Ripped The Downtown Redevelopment Plan.” “For nearly two hours Tuesday night, Boca Raton residents ripped the downtown redevelopment plan. When they finished, city officials and council members gave the most comprehensive public defense of the plan since the process began. Many speakers wore T-shirts saying, ‘Save Boca,’ echoing the social media campaign for ‘a vote’ on the plan. Whatever one thinks of the city’s partnership with Terra/Frisbie, however, no such vote will happen. For one thing, the city already approved a preliminary agreement with Terra/Frisbie. Going back on that would result in a lawsuit that the city would lose. In addition, none of the critics has said what question the vote might address. In the case of Mizner Park three-plus decades ago, a referendum was necessary to approve bonds for the project. No similar requirement exists for the Terra/Frisbie project. Critics also have claimed that state law prevents the city from selling—in the form of a 99-year lease—Memorial Park near City Hall. They have claimed that the project would result in a loss of park land. They have argued that Terra/Frisbie’s plan—roughly 1.5 million square feet of private and public use—is too intense. They have criticized the cost of a new police station, which the project will displace, and the loss of recreation.” [Boca Magazine, [7/17/25](#)]

Florida Had The Largest Number Of ACA Enrollees Of Any State, And Miami-Dade Had The Highest Enrollment Of Any County In The Nation

Florida Had The Largest Number Of ACA Enrollees Of Any State. “Enhanced tax credits that have helped reduce the cost of health insurance for the vast majority of Affordable Care Act enrollees expired overnight as 2026 arrived, cementing higher health costs for millions of Americans at the start of the new year. [...] The impact could be greatest in Florida, which has the largest number of ACA enrollees of any state — more than 4.7 million, according to KFF data. Texas is next, with more than 3.9 million, followed by California, Georgia and North Carolina.” [CBS News, [1/1/26](#)]

2026: Miami Herald: Miami-Dade “Has The Largest Obamacare Enrollment Population-- More Than 1 Million Last Year, According To The Centers For Medicare And Medicaid Services-- Of Any County In The Nation.” “And nowhere are the effects of higher ACA premiums felt more than in Miami-Dade, which has the largest Obamacare enrollment population — more than 1 million last year, according to the Centers for Medicare and Medicaid Services — of any county in the nation.” [Miami Herald, [3/31/26](#)]

Repealing The ACA Would Likely Lead To Higher Premiums For All Consumers Especially Impacting Older Americans

USA Today: ACA Repeal Would Likely Mean “All Consumers Would Take A Huge Financial Hit” Since “Insurers Would Probably Recoup Their Losses By Charging Higher Premiums.” “Republicans may not agree with President Obama's State of the Union call to drop the idea of repealing the Affordable Care Act, but health experts say the law has taken such hold that it may be impossible to get rid of it. The consequences of repeal, health care officials and industry analysts say, go beyond the fact that 9 million people would suddenly lose their insurance or that anyone with a pre-existing condition would either lose insurance or pay much higher premiums. All consumers would take a huge financial hit, because health care costs would continue to rise, and insurers would probably recoup their losses by charging higher premiums.” [USA Today, [2/1/14](#)]

AARP: If The Affordable Care Act Were Fully Repealed, The Health Care Market Would Return To When “Insurance Companies Routinely Charged Older People Much Higher Amounts Than Younger People For The Same Coverage.” “Prior to enactment of the ACA, many older adults ages 50–64 who were not old enough to be eligible for Medicare but who did not have coverage through an employer had difficulty obtaining health insurance coverage on their own in the individual market. If coverage was available, older adults were often charged much higher premiums due to their age or a preexisting condition, making it unaffordable and out of reach. [...] Consequently, insurance companies routinely charged older people much higher amounts than younger people for the same coverage in the individual health insurance market.” [AARP, [1/2017](#)]

- **The ACA Prevented Insurers From Charging Older Customers More Than Three Times What They Charge Younger Adults.** “Raises premiums for older people. The Affordable Care Act limited insurers from charging older customers more than three times what they charge younger adults. The House bill would raise that to five times. This may enable younger consumers to find cheaper coverage, but older policyholders would face higher rates.” [Huffington Post, [3/6/17](#)]

Repealing The ACA Would End The Guarantee That People Under 26 Can Stay On Their Parents' Health Insurance, Which Cut The Uninsured Rate For Young Adults In Half After The ACA's Implementation.

"Repealing the ACA could have devastating consequences for young adults. Prior to the ACA, young adults were uninsured at a higher rate than any other age group. However, thanks to the ACA's various coverage provisions, the young adult uninsured rate has been cut in half since 2010. One of the law's most popular components allows young people to stay on a parent's health plan until they are 26. This dependent coverage provision has helped millions of young people gain access to health insurance during a volatile age range when many are pursuing higher education; beginning their careers; or working in part-time or contract jobs that do not offer benefits. It has also helped young adults secure more comprehensive coverage than many were previously able to access through student health plans available prior to the ACA. The law made important strides in boosting the quality of these policies by requiring that they cover preexisting conditions; banning annual and lifetime limits; and providing preventive care at no out-of-pocket cost." [Center for American Progress, [10/1/20](#)]

The Affordable Care Act Prevented Insurance Companies From Denying People With Pre-Existing Conditions

The Affordable Care Act Protected Individuals With Pre-Existing Conditions From Being Refused Coverage Or Charged More By Health Insurance Companies.

"Health insurance companies cannot refuse coverage or charge you more just because you have a "pre-existing condition" — that is, a health problem you had before the date that new health coverage starts. Health insurers can no longer charge more or deny coverage to you or your child because of a pre-existing health condition like asthma, diabetes, or cancer, as well as pregnancy. They cannot limit benefits for that condition either. Once you have insurance, they can't refuse to cover treatment for your pre-existing condition." [HHS, About the Affordable Care Act, accessed [9/10/26](#)]

2020: Repealing The ACA Threatened The Coverage Of 1.6 Million Floridians

2020: According To The Center For American Progress, If The ACA Were Repealed, 1.6 Million People In Florida Would Lose Their Health Coverage, Raising The State's Uninsured Rate Among The Nonelderly From 14.4% To 24.1%. "A ruling that invalidates the ACA or eliminates core features of the law would have a devastating effect on American families. Select your state from the drop-down list below to see some of the harms that would result from ACA repeal. 1.6 million people in Florida would lose coverage, raising the state's uninsured rate among the nonelderly population from 14.4 percent to 24.1 percent." [Center for American Progress, [3/2/20](#)]

While Threatening Funding For Medicare And Seniors.

Repealing The Affordable Care Act Would Threaten Medicare Funding And Put Seniors At Risk

Repealing The Affordable Care Act Would Threaten Medicare And Put Seniors At Risk. "Congressional Republicans' planned approach to repealing the Affordable Care Act (ACA) wouldn't leave enough funding for a replacement that provides at least comparable coverage to a similar number of people, our new paper explains. As a result, it would create pressure for radical changes in Medicaid and Medicare that could put millions of families with children, people with disabilities, and seniors at risk — on top of those who'd lose coverage from ACA repeal." [Center on Budget and Policy Priorities, [12/20/16](#)]

The ACA Helped Fund Medicare. "The ACA gradually reduced costs by restructuring payments to Medicare Advantage, based on the fact that the government was spending more money per enrollee for Medicare Advantage than for Original Medicare. But implementing the cuts has been a bit of an uphill battle. [...] The ACA also changed the tax code as a way to increase revenue for the Medicare program. Starting in 2013, the Medicare payroll tax increased by 0.9% (from 1.45 to 2.35%) for individuals earning more than \$200,000 and for married couples with income above \$250,000 who file jointly. The extra tax only impacts the wealthiest fraction of the country — less than three% of couples earn \$250,000 or more. Repealing this tax was one of the objectives of the various ACA repeal bills that Republican lawmakers pushed in 2017, but none of the repeal bills passed the Senate (the

House passed the American Health Care Act in May 2017, but the Senate’s version failed).” [Medicare Resources, Medicare And The Affordable Care Act, accessed [9/10/26](#)]

The One Big Beautiful Bill Enacted The Largest Cuts To Medicaid In History And Threatened Florida Hospital Revenue

The One Big Beautiful Bill Made The Largest Cuts To Medicaid In The Program's History

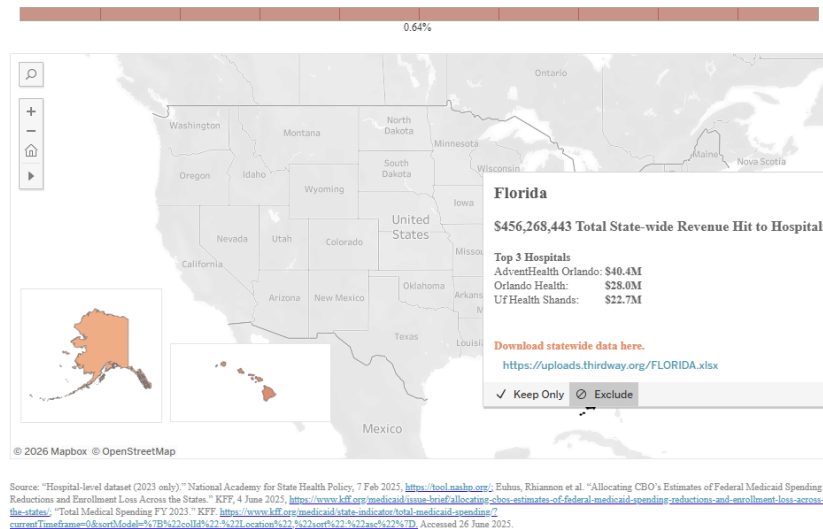

The Hill: Republicans Passed “The Largest Cuts To Medicaid Since The Program Began In The 1960s.”

“Senate Republicans on Tuesday passed the largest cuts to Medicaid since the program began in the 1960s, a move that would erode the social safety net and cause a spike in the number of uninsured Americans over the next decade. The tax and spending bill is projected to cost more than \$3 trillion during that time, but it would be partially paid for with about \$1 trillion in cuts to Medicaid. Almost 12 million lower-income Americans would lose their health insurance by 2034, according to the Congressional Budget Office (CBO).” [The Hill, [7/1/25](#)]

- **The Hill: The Republicans’ Reconciliation Bill Made About \$1 Trillion In Cuts To Medicaid.** “Senate Republicans on Tuesday passed the largest cuts to Medicaid since the program began in the 1960s, a move that would erode the social safety net and cause a spike in the number of uninsured Americans over the next decade. The tax and spending bill is projected to cost more than \$3 trillion during that time, but it would be partially paid for with about \$1 trillion in cuts to Medicaid. 2025: Singer Was The Chair Of The America First Mayor's Council At The America First Policy Institute

July 2025: Singer Was The Chair Of The America First Mayors' Council At The America First Policy Institute. "Today, the America First Policy Institute (AFPI) proudly announced the launch of the America First Mayors' Council, a new national initiative dedicated to empowering local leaders and strengthening the connection between federal policy and local governance. The council, modeled after AFPI's successful Governors' Council, will serve as a forum for mayors across the country who are committed to putting families first, restoring local control, and advancing America First principles in their communities. 'America's future is being written in our neighborhoods, not in the halls of Washington,' said Mayor of Boca Raton Scott Singer, Chair of the America First Mayors' Council. 'This initiative brings together local leaders who are on the frontlines every day to build stronger, safer, and more prosperous communities.' The America First Mayors' Council is uniquely focused on the intersection of national policy and local impact, in a first-of-its-kind initiative aimed at elevating the voices of mayors with the tools, data, and community engagement strategies needed to deliver results. 'Our Nation was built from the bottom up, not the top down,' said Ashley Hayek, AFPI Executive Vice President. 'This council reflects our belief that real change happens when local leaders are empowered to lead free from federal overreach and bureaucratic interference.'" The First Pillar Of The America First Policy Institute Agenda Included Supporting Trump's Tariffs

The First Pillar Of The America First Policy Institute Agenda Included Supporting Trump's Tariffs.

"Starting in 2017, the United States undertook a paradigm shift in trade policy to embark on a new commitment to putting American workers, farmers, ranchers, and businesses first and no longer allowing other nations to take advantage of the international trade system. Prior to this shift, our leaders consistently failed to protect American interests and allowed the U.S. to be placed at a strategic disadvantage, standing idly by as key American jobs and industries were hollowed out and economic opportunities were shifted abroad. [...] The Trump Administration put this trade vision into action by working to renegotiate and rebalance trade relationships to better benefit the American people. Doing so meant holding other nations accountable by aggressively enforcing trade laws and addressing unfair trade practices, and by reevaluating international institutions to ensure that they are serving their intended purpose and are not being manipulated at America's expense. [...] The Phase One trade agreement with China also represented a critical advancement in the approach of the U.S. to international trade. This agreement confronted China's longstanding unfair trade practices by requiring real structural changes regarding intellectual property protection, technology transfer, agricultural standards, financial services, and currency. At the same time, the U.S. maintained leverage by keeping significant tariffs on hundreds of billions of dollars in imports. Strong, modernized agreements are a crucial step for American trade policy, but they mean little if they are not both

enforceable and enforced. The Trump Administration took a strong enforcement stance by using all tools at its disposal—including tariffs where appropriate to combat abuses—instead of just relying on litigation at institutions such as the World Trade Organization (WTO) that have failed to fully address violations and protect American interests.” [America First Policy Institute, Pillar 1, Chapter 3, accessed [9/10/26](#)]

Consumers Shouldered The Burden Of Trump’s Tariffs As They Raised The Price Of Basic Goods Like Food And Clothing

Consumers Shouldered 55% Of The Tariff Burden As Compared To Businesses

The Hill Headline: “US Consumers Shouldering 55 Percent Of Trump Tariff Costs: Goldman Sachs” [The Hill, [10/13/25](#)]

Fox News Headline: “US Businesses And Consumers Shoulder The Bulk Of Tariff Cost Burden, Goldman Sachs Finds” [Fox News, [10/21/25](#)]

Goldman Sachs Found U.S. Consumers Would Be Absorbing 55% Of Tariff Costs By The End Of 2025.

“Goldman’s economists assessed that by the end of 2025, U.S. consumers will be absorbing 55% of tariff costs, while 22% will fall on U.S. businesses, 18% on foreign exporters and 5% on potential tariff evasion. ‘Our 22% estimate for U.S. businesses is modest because it is a net impact – companies that use or sell imported goods will bear a larger share of tariff costs, while domestic producers that are shielded from foreign competition by tariffs will be able to raise their own prices and increase their margins,’ the economists wrote.” [Fox Business, [10/21/25](#)]

Goldman Sachs Found 22% Of Tariff Costs Would Fall On U.S. Businesses By The End Of 2025.

“Goldman’s economists assessed that by the end of 2025, U.S. consumers will be absorbing 55% of tariff costs, while 22% will fall on U.S. businesses, 18% on foreign exporters and 5% on potential tariff evasion. ‘Our 22% estimate for U.S. businesses is modest because it is a net impact – companies that use or sell imported goods will bear a larger share of tariff costs, while domestic producers that are shielded from foreign competition by tariffs will be able to raise their own prices and increase their margins,’ the economists wrote.” [Fox Business, [10/21/25](#)]

Trump’s Tariffs Raised Prices On Cars

Kelley Blue Book: “President Trump Has Announced A 25% Tariff On All Cars Built Outside The United States And On Many Parts Used In Cars Built Here. [...] Shoppers Can Expect The Tariffs To Increase Car Prices By As Much As \$6,000 On Vehicles Priced Under \$40,000.” “President Trump has announced a 25% tariff on all cars built outside the United States and on many parts used in cars built here. See our latest news updates below on where tariffs stand. Effective Dates: Imported Cars: Tariffs began on April 3. Car Parts: Tariffs began on May 3. These tariffs have started to increase car prices. To save money, consider locking in a new car deal before any potential price increases take effect. Can You Avoid a Car Tariff? No vehicle made at an assembly plant in the United States is 100% made here. Even Tesla sources its parts from other countries. This means that with tariffs, car prices will increase for American car buyers, though the timing remains unclear. You can potentially avoid paying a tariff on a new car by purchasing one that was imported to the U.S. before the tariffs took effect, or by buying a used car. How Will Tariffs Affect Car Buying? If new cars become too expensive, used cars will become more attractive. However, if demand spikes, used car prices may also increase. Here’s more information: New cars: Shoppers can expect the tariffs to increase car prices by as much as \$6,000 on vehicles priced under \$40,000. Higher car prices mean higher car taxes, financing, car insurance, and other ownership costs. This price pressure will make cars less affordable for consumers.” [Kelley Blue Book, [9/15/25](#)]

Trump's Tariffs Raised Prices On Groceries

Trump's Tariffs Contributed To Prices Rising For Groceries. “President Donald Trump pledged to bring down grocery costs. But his administration’s policies are contributing to an acceleration in prices, food economists and companies say. Grocery prices last month rose at their fastest pace in three years, stoked by Trump’s tariffs, a crackdown on immigration, and extreme weather hurting food production. Prices jumped 0.6% in August from the month prior, according to the latest reading from the Bureau of Labor Statistics, and they are up 2.7% from a year ago. Food prices are deeply personal to consumers, and weekly grocery bills shape their overall perceptions of the economy. More than half of Americans count grocery costs as a major stress in their lives. Low-income and middle-income Americans, hit the hardest by rising grocery costs, are changing where they shop and what they buy. Companies are also taking extreme measures to appeal to shoppers strained by higher prices, such as bringing back paper coupons.” [CNN, [9/20/25](#)]

Trump's Tariffs Raised Prices On Apparel Goods

Trump's Tariffs Raised Prices On Apparel Goods. “The impact of President Donald Trump’s tariffs on prices throughout the economy is expected to increase over the summer. At U.S. department store chains including Macy’s, Nordstrom, and Dillard’s, the evidence of sticker price inflation is starting to show up across more items. Recent price increases in apparel, footwear, and bags across major U.S. department-store websites tracked by DataWeave indicate a turning point in May, when prices started their ascent. DataWeave analyzes nearly 15,000 SKUs (stock keeping units), a scannable code retailers use to identify and track a product, and has been collecting that data from January to June for signs of price hikes in footwear, apparel, and bags. ‘Footwear is now as much as 4% above January levels at some banners, while apparel is roughly half that pace,’ said Karthik Bettadapura, co-founder & CEO of DataWeave.” [CNBC, [7/2/25](#)]

Tariffs Strained South Florida Small Businesses, Who Passed Along Costs To Consumers By Raising Prices

2026: CBS News: “South Florida Business And Consumers Were Feeling Impact Of Tariffs.” “South Florida businesses and consumers are feeling the impact of tariffs, leading to increased prices, cautious spending, and concerns about future costs for essential goods and housing.” [CBS News, [4/10/26](#)]

- **A South Florida Business Owner Passed Increased Down To Customers After His Wholesaler Doubled The Costs.** “South Florida businesses and consumers are feeling the impact of tariffs, leading to increased prices, cautious spending, and concerns about future costs for essential goods and housing. Frank de Mir said he hasn't been selling many hats since the tariffs began. His wholesaler doubled his costs and he said he's had to pass some of that on to customers ‘People are holding on to their money,’ said de Mir. He shops at Costco for his family and said he's stocking up on items that may go up in price.” [CBS News, [4/10/26](#)]

South Florida Business Owner On Tariffs: “The Importer And The Distributor Will Also Take A Markup Depending On Their Increased Cost, So The Final Out-Of-Pocket Increase To The Consumer Will Probably Be More Like 40% To 50%, Not Just 25%.” “Robert Gewanter has been running M&M Liquors in Hialeah for

decades. ‘It’s just a misconception that it’s just gonna be 25%,’ Gewanter said, standing in front of his tequila display. He said the Trump tariffs will force him to raise the price of the popular spirit from Mexico. ‘The importer and the distributor will also take a markup depending on their increased cost, so the final out-of-pocket increase to the consumer will probably be more like 40% to 50%, not just 25%,’ Gewanter said about tequila prices.” [NBC 6 South Florida, [4/2/25](#)]

The Average American Family Will See Their Yearly Cost Of Living Increase By Up To \$2,500 Because Of These Disastrous Tariffs.

2026: The Joint Economic Committee Estimated That Tariffs Would Cost American Families More Than \$2,500 On Average

Joint Economic Committee Minority: “American Families Will Pay More Than \$2,500 Each In Tariff Costs In 2026.” “Even though the Supreme Court ruled that the bulk of President Trump’s tariff agenda was illegal, the administration moved immediately to enact new tariffs that Treasury Secretary Bessent claims will result in ‘virtually unchanged tariff revenue in 2026’. If Bessent’s estimates hold true, the Joint Economic Committee – Minority estimates that American families will pay more than \$2,500 each in tariff costs in 2026. Building on its previous tariff cost estimates, the Committee combined official data from the U.S. Treasury Department on the amount of tariff revenue collected since the start of 2025 with independent estimates from the nonpartisan Congressional Budget Office of the percent of each tariff dollar that is ultimately paid by American consumers. The Committee found that if tariff revenue stays at the level recorded in January 2026 for the rest of the year, American families would in total pay more than \$330 billion in tariff costs in 2026, an average of more than \$2,500 per household in tariff costs this year. This is substantially higher than the more than \$1,700 in average tariff costs that the JEC – Minority previously estimated that families paid during the first year of Trump’s second term.” [Joint Economic Committee Minority, Fact Sheet, [March 2026](#)]

Scott Singer Message #4 Backup

As his time as mayor of Boca Raton was coming to an end, Scott Singer tried everything he could to stay in power – including wasting more than \$145,000 in taxpayer money on a special election to extend his term. Voters overwhelmingly rejected his power grab, but not before Singer stuck taxpayers with the bill

As His Time As Mayor Of Boca Raton Was Coming To An End, Scott Singer Tried Everything He Could To Stay In Power – Including Wasting More Than \$145,000 In Taxpayer Money On A Special Election To Extend His Term.

2020: Singer Was Elected Mayor Of Boca Raton For A Three-Year Term

2020: Singer Was Elected Mayor Of Boca Raton. “Mayor Scott Singer is honored to have served as a strong voice for Boca Raton’s residents since he was first elected to the City Council in 2014. He was elected as Mayor in 2018 and re-elected in 2020 with 89% of the vote, receiving the two highest vote totals in the city's history. He was re-elected without opposition in 2023.” [City of Boca Raton, Mayor Scott Singer, accessed [3/24/26](#)]

The Mayor Of Boca Raton Had A Term Of Three Years. “The City of Boca Raton is governed by a five member City Council elected at-large to designated seats on a non-partisan basis. The Mayor and Council Members

are elected for three-year terms. Members who have served two consecutive terms are not eligible to be elected to that office for the succeeding term. The Mayor and Council members seats designated A and B are elected in one year, the Council members in the seats designated C and D are elected in the following year. Subsequently, there is a year without a council election. The City Charter was changed by the electorate in 2006 to provide for two threeyear terms.” [My Boca, Mayor & City Council, accessed [3/3/26](#)]

December 2022: Singer Proposed Amending The City Charter To Extend The Terms Of Office Of The Mayor And City Council Members From Three To Four-Year Terms

December 2022: Singer Voted To Propose An Amendment To The City Charter Changing The Terms Of Office Of The Mayor And City Council Members From Three To Four-Year Terms

December 2022: Singer Voted To Propose An Amendment To The City Charter Changing The Terms Of Office Of The Mayor And City Council Members From Three To Four-Year Terms. “Ordinance No. 5637 An ordinance of the City of Boca Raton proposing an amendment to the City Charter changing the terms of office of the Mayor and City Council Members from three (3) years to four (4) years; extending the terms of those council members who terms are due to expire March 2024 by one additional year; providing for submission of the proposed City Charter amendment to the electors of the City at the regular election on March 14, 2023; providing for severability; providing for repealer; providing for codification; providing an effective date.” The motion was passed by a vote of 3-2. [City of Boca Raton, Meeting Minutes, 11.B, Ordinance No. 5637, [12/13/22](#)]

Singer Brought Forth An Ordinance And Argued Extending The Term Limit Was Necessary Because Of The Amount Of Time That Was Needed To Acclimate To The Duties Of Position And The Need For Consistency In Local Government

Singer Argued Extending The Term Limit Was Necessary Because Of The Amount Of Time That Was Needed To Become Acclimated To The Duties Of Position And The Need For Consistency In Local Government. “Mayor Scott Singer gave the presentation. The Mayor outlined his reasons for bringing forth the proposed ordinance, citing the amount of time it takes to get acclimated to the duties of the position, the need for consistency and continuity in local government, and the time it takes to see some goals to fruition. He noted most Florida cities similar in population size have 4-year terms, and he named a number of cities that had recently extended their council terms. Mayor Singer advocated extending the terms as a way to not only save on costs and staff time, but to allow candidates to focus more on policy than politics, pointing out that the proposed new election cycle would no longer fall on the same year as presidential races. Upon concluding he made himself available for questions. Council Member Drucker agreed that it takes time to learn the role of Council Member and with the proposed change in election cycles in order to remain non-partisan. Deputy Mayor O'Rourke observed that a component of proposed Ordinance No. 5638 would relieve some of the election duties from staff and stated that all of the correspondence she received from residents had been negative.” [City of Boca Raton, Meeting Minutes, 11.B, Ordinance No. 5637, [12/13/22](#)]

The City Of Boca Raton Spent \$145,000 Holding A Vote On A Proposal To Extend Term Limits That Singer Supported And Would Have Benefited From

The City Of Boca Raton Spent \$145,000 Holding A Vote On A Proposal To Extend Term Limits That Singer Supported. “Last November, Mayor Scott Singer proposed lengthening the terms from three years to four years. In November, Singer and council members Yvette Drucker and Monica Mayotte supported putting the charter change before voters. All would have benefited from the longer terms. In 2021, Singer endorsed Drucker for her first term and Mayotte for her second. Critics of the proposal pointed out that it would be the only item on the ballot. Singer and new council members Fran Nachlas and Mark Wigder had won with no opposition. Boca Raton wound up spending \$145,000 to hold a vote on an issue that had no significant citywide impact. Voters rejected the change, but only after four mailers went out backing the longer terms. They came from a political action committee called All For One. Now closed, All For One listed as treasurer and agent Michael Millner, who lives in the Martin County community of Jensen Beach.” [Boca Magazine, [6/22/23](#)]

Singer Was Just Elected To His Final Term As Voters Rejected Extending Term Lengths

Singer Was Just Elected To His Final Term As Voters Rejected Extending Term Lengths. “With all but one precinct reporting, Boca Raton voters rejected bringing office terms for their elected city positions more in line with what most other cities have. With 6,650 voters weighing in, 59% rejected the idea that the terms of the Mayor and City Council members should be four years, so they will remain three-year terms. There were no races for voters to decide. Mayor Scott Singer was unopposed for his final term. An open seat drew just one candidate: real estate lawyer Marc Wigder will fill the seat term-limited Council member Andrea O’Rourke is vacating. And Fran Nachlas is the only candidate who filed for the seat Andy Thomson left to run unsuccessfully for the Legislature. If voters had approved, the change would have taken effect immediately. Current City Council members terms will end March 2026.” [Florida Politics, [3/15/23](#)]

Voters Overwhelmingly Rejected His Power Grab, But Not Before Singer Stuck Taxpayers With The Bill
