David Flippo Message #1 Backup

Flippo falsely claimed he earned a Bronze Star "for valor," a distinction reserved for heroism in combat. He received a standard Bronze Star. He and his campaign repeated this claim more than a dozen times in campaign fundraising over three years. From 2023 until at least June 2026 he wore a hat with V-shaped emblems that signify "for valor" next to his Bronze Star. When he was caught for lying, Flippo blamed his staff and even his grandchildren. After the story broke, the hat disappeared.

David Flippo Falsely Claimed He Was Awarded The Bronze Star "For Valor"

David Flippo Falsely Claimed He Was Awarded The Bronze Star "For Valor." "David Flippo, a Republican congressional candidate in Nevada, inflated his military record multiple times in recent years by falsely claiming he received a Bronze Star 'for valor' during his two-decade Air Force career. Flippo received a Bronze Star in 2004 for his service, but not the Bronze Star with valor, a much rarer distinction that recognizes heroism in direct combat with an enemy. Experts on military awards say such exaggerations are tantamount to lying. The Flippo campaign acknowledged the misrepresentations but downplayed them as 'honest mistakes' by staff members." Flippo Was Awarded A Standard Bronze Star In 2004. "Flippo himself apologized last week and blamed campaign video editors and copywriters after The Washington Post reported on his overstated credentials — Flippo was awarded a standard Bronze Star in 2004 (usually awarded for meritorious service or achievement in a combat zone without direct personal exposure to combat risks), whereas a Bronze Star with valor is awarded for heroism under enemy fire." "After The Post contacted the Flippo campaign on Wednesday, the three-year-old video was deleted from social media. Flippo said his campaign's video editors 'made a mistake' by conflating his Bronze Star with another award he received, the Outstanding Unit Award with Valor, and apologized for 'not paying closer attention to the specifics of that ad.' He called the exaggeration "an honest mistake." [Washington Post, 9/24/26]

According To Retired Air Force Major Sergeant, Daniel J. Casentini, The Bronze Star And The Air Force Outstanding Unit Award Were Flippo's Only Military Awards That Were Eligible For The Valor Device. "A 'V' on a military award stands for valor. It means heroism in direct combat. It is a big deal, and veterans know it. Daniel J. Casentini, MSgt Ret, USAF, says the answer is hiding in plain sight. […] According to Casentini, only two of Flippo's awards can even carry a Valor device. One is the Bronze Star. The other is his Air Force Outstanding Unit Award. And the Bronze Star ribbon in that official photo has no Valor device on it. That matches what the Washington Post reported last week." [Nevada News & Views, 9/28/26]

After The Story Broke, The Hat Disappeared

Flippo Reportedly Stopped Wearing The Hat With The Two "V" Devices And Removed An Image Of It From His Website After Nevada News & Views Reported On The Story

September 2026: Nevada News & Views First Reported That Flippo Wore Hat With "V" Devices Next To His Bronze Star

Nevada News & Views Questioned Why Flippo Wore Two "V" Devices On His Hat. "David Flippo wore the same hat for his whole campaign. On it sat his Bronze Star pin. Right next to it sat two Valor devices, small 'V' pins that signal heroism in combat. Then the Washington Post broke a scandal over his military valor claims. Immediately afterward, Flippo showed up to public appearances in a plain green hat. No Bronze Star. No Valor devices. Nevada News & Views asked the Flippo campaign what the two Valor devices were meant to represent and which awards in his record they match. The campaign did not respond by the Monday noon deadline. Now a retired Air Force master sergeant is asking the same question. What were those two Valor devices for?" [Nevada News & Views, 9/28/26]

Pictures of him wearing the hat were included on his campaign website and in posts on its social media feeds. According to veterans, the emblems on the cap bear a striking resemblance to the valor devices—or V devices, as they are known in military circles—used by the US military to show when awards are earned for valor. Lately, he appears to have stopped wearing that version of the cap." [Mother Jones, 10/2/26]

David Flippo Message #2 Backup

Flippo is hiding his finances and where the millions behind his campaign are coming from. He broke the law by failing to file his financial disclosure, and the draft he gave reporters was apparently missing the page where he'd have to swear, under penalty of law, that it's true. One person listed as a major Flippo donor says they never gave him anything. A campaign finance expert said that "suggests very serious campaign finance violations," and donating in someone else's name can bring criminal penalties. In a

recent campaign finance report, he even illegally attributed a 2026 donation to someone who died in 2024.

The list for 2024 has 21 filings; none is Flippo's. The Clerk's filing indexes for 2023 through 2026 contain no entry under his name. Federal Law Requires A Non-Incumbent House Candidate To File A Personal Financial Disclosure Within 30 Days Of Becoming A Candidate Or By May 15, Whichever Is Later, And No Later Than 30 Days Before The Election

March 4, 2026: Flippo Announced He Was Launching His Campaign For Congress. "Today, I am officially launching my campaign for Congress in Nevada's 2nd Congressional District! After a series of conversations with MAGA leaders, both in Washington and in Nevada, I have decided to enter the race in the Second Congressional District to replace the GREAT Congressman, Mark Amodei." Flippo Loaned His Campaign $1.6 Million And Claimed He Owned Multiple Businesses

According To FEC Records, Flippo Loaned His Campaign More Than $1.6 Million Despite "The Source Of His Wealth Remain[ing] Unclear"

August 14, 2026: Flippo Had Not Filed A Personal Financial Disclosure Despite Personally Loaning His Campaign $1.6 Million. "Come November, Republican nominee David Flippo should sail to victory and become the newest lawmaker representing Nevada's 2nd Congressional District, rated 'Solid R' by the Cook Political Report. But the retired Air Force lieutenant colonel appears to already be violating a federal insider trading and transparency law, having never filed required personal financial disclosures for his heavily self-funded campaign. The law required Flippo to disclose various details — personal assets, debts and sources of income — by May 15. There is no record of him submitting the required paperwork to Congress or otherwise requesting an extension. There is also no record of Flippo filing a personal financial disclosure during his campaign for U.S. House in 2024. These missing financial details are particularly notable given that Flippo has personally loaned his congressional campaign more than $1.6 million, according to Federal Election Commission records, but the source of his wealth remains unclear." Flippo Was The Subject Department Of Justice Public Integrity Section Complaint Due To His Late Personal Financial Disclosure. "'As voters we have a right to know this,' says Susan Fisher, a Nevada Congressional 2 District voter. 'And I think we have an obligation to get to know this information.' Financial disclosure information is required by law for those running in a congressional district. In our report from early August, we showed who filed such reports with the Clerk of the U.S.

House of Representatives. All CD 2 candidates who qualified filed those reports. One name was missing David Flippo's…Fisher, a former lobbyist and registered Republican, says she's probably more engaged than many of her fellow voters. But she says the information on Flippo's finances should be available to everyone. Whether they look up the information. That's on them she says…Her four-page report to the Department of Justice Public Integrity Section was mailed yesterday." [KOLO 8, 9/9/26]

March 4, 2026: Flippo Announced He Was Launching His Campaign For Congress. "Today, I am officially launching my campaign for Congress in Nevada's 2nd Congressional District! After a series of conversations with MAGA leaders, both in Washington and in Nevada, I have decided to enter the race in the Second Congressional District to replace the GREAT Congressman, Mark Amodei." [Facebook, David Flippo, 3/4/26]

Federal Law Requires A Non-Incumbent House Candidate To File A Personal Financial Disclosure Within 30 Days Of Becoming A Candidate Or By May 15, Whichever Was Later, And No Later Than 30 Days Before The Election. "Within 30 days of becoming a candidate [...] in a calendar year for nomination or election to the office of President, Vice President, or Member of Congress, or on or before May 15 of that calendar year, whichever is later, but in no event later than 30 days before the election, and on or before May 15 of each successive year an individual continues to be a candidate, an individual other than an incumbent President, Vice President, or Member of Congress shall file a report containing the information described in section 13104(b) of this title." [5 U.S.C. § 13103(c), 10/2/26]

- **Extensions Were Capped At 90 Days.** "Reasonable extensions of time for filing any report may be granted under procedures prescribed by the supervising ethics office for each branch, but the total of such extensions shall not exceed 90 days." [5 U.S.C. § 13103(g)(1), 10/2/26]

[...] Several 2026 candidates have claimed to loan their campaigns significant sums but failed to file financial disclosure reports to support these claims. For example: David Flippo, the Republican nominee for Nevada's 2nd Congressional District, has reported loaning his campaign $1.6 million." September 2026: Flippo Shared A Copy Of His Federal Personal Financial Disclosure With The Nevada Independent

September 2026: Flippo Shared A Copy Of His Federal Personal Financial Disclosure With The Nevada Independent. "David Flippo has invested millions in running for Congress. But the Republican small-business owner and retired lieutenant colonel has failed to follow a federal law requiring candidates to share the details of their personal finances. Until now. His personal financial disclosure, shared first with The Nevada Independent and coming five weeks before Election Day and almost four months after Flippo prevailed in the June primary, gives the public more information about where he got the money." The Federal Personal Financial Disclosure Flippo Shared With The Media Did Not Include The Page Where Candidate Signed The Document Under Penalty Of Potential Civil And Criminal Sanctions, And Attest That Its Contents Were 'True, Complete, And Correct." "One question the debate moderator could have posed was whether Flippo had in fact filed the financial disclosure form he recently provided to the media. 'All successfully filed records are posted on the Clerk's website,' Ben Kelley, a spokesperson for the House Clerk's office, said. No records for Flippo have been posted on that website. Among the oddities in the Flippo disclosure document provided to the media, Fischer noted, was that a few pages were missing. That includes the page where the candidate must sign the document, under penalty of potential civil and criminal sanctions, and attest that its contents are 'true, complete, and correct.'" One Person Listed In FEC Records As A Major Donor Said That They Have Never Contributed Anything To Flippo

Mother Jones Reported That One Person Who Appeared In FEC Records As A Major Donor To Flippo Said That They Have Never Contributed Anything To Flippo. "Flippo has also benefitted from major donations from others in McDowell's and Tuminello's orbits, FEC records show. Those donations tended to arrive in the final days of the FEC's quarterly reporting periods, when candidates are

under pressure to demonstrate the viability of their campaigns. (Flippo's six-figure loans to his campaign followed a similar pattern.) On September 30, 2025, at least five people with ties to McDowell or Tuminello were listed as donating the legal maximum of $7,000 to Flippo's campaign. [...] One person listed in FEC records as a major donor to Flippo's campaigns told me they had not donated anything to Flippo, let alone the thousands of dollars attributed to them. Fischer said that 'suggests very serious campaign finance violations.'" [Mother Jones, 10/9/26]

July 2026: Flippo Said "I Fully Support President Trump's Decisions" Regarding Iran. FLIPPO: "You know, some in the media, not Fox, have been saying that Trump is starting a forever war, but in my opinion, he is ending it. You know, most all of my career was in the Middle East fighting again, you know, because of Iran and what they're doing with Israel and with Hezbollah and Hamas and the Houthis. What Iran has done is over and things are going to change. And President Trump sees that. And I fully support President Trump's decisions. We need to open up the strait. It needs to be a clear waterway. We need the flow of oil to start again." [Fox News, 00:1:27, 7/20/26] (VIDEO)

Moody's Chief Economist Mark Zandi: The Iran War Cost U.S. Households $265 Billion, Or $2,000 Per Household In Added Expenses. "Eight months into the war in Iran, the average American household is nearly $2,000 worse off, according to economist Mark Zandi. This adds a fresh economic pressure as the midterms approach. 'Nearly $2,000. By my calculation, that is what the Iran war has cost the average American household since the war began nearly eight months ago. Nationwide, that adds up to $265 billion,' Zandi, chief economist at Moody's Analytics, wrote on social media." [Newsweek, 10/13/26]

Flippo Supported Trump's Tariffs, Which Raised The Price Of Groceries

Trump's Tariffs Raised Prices On Groceries

Trump's Tariffs Contributed To Prices Rising For Groceries. "President Donald Trump pledged to bring down grocery costs. But his administration's policies are contributing to an acceleration in prices, food economists and companies say. Grocery prices last month rose at their fastest pace in three years, stoked by Trump's tariffs, a crackdown on immigration, and extreme weather hurting food production. Prices jumped 0.6% in August from the month prior, according to the latest reading from the Bureau of Labor Statistics, and they are up 2.7% from a year ago. Food prices are deeply personal to consumers, and weekly grocery bills shape their overall perceptions of the economy. More than half of Americans count grocery costs as a major stress in their lives. Low-income and middle-income Americans, hit the hardest by rising grocery costs, are changing where they shop and what they buy. Companies are also

taking extreme measures to appeal to shoppers strained by higher prices, such as bringing back paper coupons." [CNN, 9/20/25]

But when the government just gets the money and then they decide where it goes, uh that's a wholly different animal. Trump's Tariffs Increased The Cost Of Building And Maintaining The Electric Grid, Which Was Passed On To Consumers

Trump's Tariffs Increased The Cost Of Building And Maintaining The Electric Grid. "Trump's blanket tariffs are increasing the cost of building and maintaining the electric grid. Utilities rely on imported equipment, and those higher costs show up directly in higher electricity and gas bills. Utilities say tariffs are already raising energy prices for consumers. Major utilities in Michigan told state regulators that Trump's tariff policies are increasing inflation and borrowing costs. Advisors warn that these higher costs are ultimately pushing electricity and gas rates higher for customers. Tariffs are also driving up the cost of essential power grid equipment. Utilities are facing higher prices for essential equipment like transformers, cables, and substations, increasing the cost of grid upgrades and expansions. Those higher costs are ultimately passed on to households through higher electricity rates." [Groundwork Collaborative, 3/25/26]

The average approved rate increase of 26% is significantly higher than the 17.5% average proposed increase announced by the Nevada Division of Insurance in late July. The July estimate was based on preliminary filings, according to the division, and has been adjusted upward by carriers because of 'rising medical costs and prescription drug spending, increased medical utilization and a less healthy risk pool, Medicaid unwinding and the expiration of enhanced federal premium subsidies.'" American Prospect: Six Big Tech Companies Received $83 Billion In Tax Breaks "Thanks To The Extension Of Various Corporate Tax Benefits In The One Big Beautiful Bill." "As the *Prospect* reported on Monday, just six companies, all of them related to the AI build-out, received $83 billion in tax breaks last year thanks to the extension of various corporate tax benefits in the One Big Beautiful Bill Act. Like nearly all Republicans, Barrett voted for that bill, which enabled Microsoft, Google, Amazon, Meta, and Nvidia to spend more funds on building data centers." [American Prospect, 8/20/26]

The One Big Beautiful Bill's Biggest Tax Cuts Benefited The Wealthiest Giving Them Tax Cuts Three Times Greater Than For Working Americans

The One Big Beautiful Bill's Biggest Tax Cuts Benefited The Wealthiest Americans. "The One Big Beautiful Bill includes the largest tax cuts in U.S. history. Whether it's actually 'beautiful' is in the eye of

the beholder. At every income level taxes should subside. That's a big selling point from President Donald Trump and fellow Republicans who pushed the law through Congress with no Democratic support. It will benefit everyone. But the biggest cuts go to the wealthiest taxpayers – the ones who pay the lion's share of taxes. For most families the savings will be miniscule in comparison, in raw dollars and as a share of income. And millions will lose subsidized health insurance and other benefits. Critics see a plan that widens income inequality and, worse, offsets tax cuts for the wealthy with draconian spending cuts that hit lower-income households." [Cronkite News, 7/16/25]

The House-Passed Republican Reconciliation Bill Extended The Tax Cuts And Jobs Act Which Skewed In Favor Of The Wealthy By Providing Them Tax Cuts That Were Three Times Greater Than For Working Americans. "The tax provisions of the House Republican reconciliation bill double down on the failures of the 2017 tax law, which was skewed in favor of the richest people in the country, further eroded the nation's revenue base, and didn't produce the promised economic gains for working people.[1] Instead of changing course and prioritizing people with low and moderate incomes as House Republicans' rhetoric about supporting hard-pressed working families would suggest, the House Republican tax bill only offers more of the same. The bill is heavily skewed to the wealthy: Under the bill, the top 1 percent of people would receive tax cuts three times the size of those for people with incomes in the bottom 60 percent, measured as a share of after-tax income. (See Figure 1.) The top 0.6 percent of people — the 1.2 million people with annual incomes above $1 million — would receive more total tax cuts than the 127 million people with incomes below $100,000. […] The bill extends and expands the 2017 tax law's increase in the estate tax exemption, boosting the cut in estate taxes for the 1 in 1,000 wealthiest estates to $6.3 million.[3] Next year a couple could pass on an estate worth up to $30 million tax free, $1.7 million more than under a simple extension of the 2017 law." CBS: "Like Penn Wharton, Other Researchers Have Said The Republican Bill Is Likely To Benefit Wealthy Americans At The Expense Of People Lower Down The Ladder." "Like Penn Wharton, other researchers have said the Republican bill is likely to benefit wealthy Americans at the expense of people lower down the ladder. The measure would likely reduce the financial resources available to the lowest-earning 10% of U.S. households by $1,600 per year, or almost 4% of their annual income, according to a report published earlier this month by the nonpartisan Congressional Budget Office. White House officials have previously questioned the CBO's scoring of the bill. But the highest-earning 10% of households would see a gain of $12,000 per year in resources, while middle-income households would see a gain of $500 to $1,000, the CBO projected. Its analysis is based on the bill's tax breaks, as well as reductions for federal programs and reductions in state funds for safety net programs such as Medicaid and food stamps. In considering the impact of higher U.S. debt on future generations, the cost would come in the form of lower wages and higher costs, such as more expensive mortgages, Smetters said." The Hill: "The Republicans' 'Big, Beautiful Bill' Will Make The Poorest Americans Even Poorer, While Padding The Wallets Of The Highest Earners The Most, According To An Analysis Released Monday By Congress's Budget Arm." "The Republicans' 'big, beautiful bill' will make the poorest Americans even poorer, while padding the wallets of the highest earners the most, according to an analysis released Monday by Congress's budget arm. The assessment, conducted by the Congressional Budget Office (CBO) at the request of top Democrats, found that the top 10 percent of earners in the country will see an average boost of $13,600 per year over the next decade as a direct result of provisions in the law, while the bottom 10 percent will see an average annual decrease of $1,200. The report challenges the arguments made by President Trump and other Republicans that the massive domestic policy package would benefit workers at all levels of wealth and income. And it's given fuel to the attacks from Democrats that the legislation was, all along, designed to help the wealthiest people at the expense of the working poor." [The Hill, 8/11/25]

Nevada's Division Of Insurance Confirmed An Average Approved Rate Increase Of 26% For Nevada Health Link Plans After ACA Tax Credits Were Repealed. "Nevadans who get insurance through Nevada Health Link, the state's Affordable Care Act marketplace, are facing premium rate hikes of 26%, the state Division of Insurance confirmed to the Nevada Current. The average approved rate increase of 26% is significantly higher than the 17.5% average proposed increase announced by the Nevada Division of Insurance in late July. The July estimate was based on preliminary filings, according to the division, and has been adjusted upward by carriers because of 'rising medical costs and prescription drug spending, increased medical utilization and a less healthy risk pool, Medicaid unwinding and the expiration of enhanced federal premium subsidies.'" Four Rural Hospitals In Nevada Were At Risk Of Closing Due To Medicaid Cuts In The One Big Beautiful Bill. "The One Big Beautiful Bill Act, signed into law by President Trump on July 4, 2025, could change that assumption for millions of Americans. A March 2026 analysis by Public Citizen identified 446 hospitals at heightened risk of closure from the law's Medicaid cuts. Together, the hospitals have 69,000 beds, serve 6.6 million patients annually and employ roughly 275,000 staff. […] Nevada — 4 of 34 hospitals (11.8%) at risk." [Forbes, 4/30/26]

Republicans' Cuts To Medicaid And The ACA Threatened Health Insurance Coverage For 104,176 People In Nevada

September 2025: The Joint Economic Committee Minority Estimated That 104,176 People In Nevada Would Lose Health Insurance By 2034 Due To Congressional Republicans' Cuts To Medicaid And The ACA. "Source: The Joint Economic Committee – House Minority's district-level

numbers were created by combining estimates from the nonpartisan Congressional Budget Office on the national total number of people who would lose insurance by 2034 with a range of state-level data on recent trends in Affordable Care Act enrollment, the total number of Medicaid enrollees in each state, and early analyses of how some Medicaid cuts in the bill would impact each state. Estimates were allocated to the district-level based on data provided by the House Budget Committee on the number of people in each District who are enrolled in Medicaid or in ACA Marketplace Plans. These estimates were sourced from the Regional Leadership Council and the Center on Budget and Policy Priorities. Due to redistricting in 2024, Congressional district data for North Carolina, Georgia, Louisiana, Alabama, and New York may not be an exact match. ACA estimates are rounded, and data may not sum to overall totals due to rounding." [Joint Economic Committee Minority, September 2025]

Flippo Opposes Higher Wages For Nevada Workers

Flippo Implied There Shouldn't Be Federal Minimum Wage And Opposed Increases To It

2025: Flippo Opposed A Federal Minimum Wage Increase And Said "I'm Not Sure The Federal Government Should Be Involved In The Minimum Wage." "That's right. So I think we were all in agreement that every state is a little bit different on this. So for the so I'm not sure the federal government should be involved in the minimum wage. You know, if you paid somebody in Alabama the same wage that somebody is getting in California, it would destroy Alabama's economy. Right. But maybe you need that wage in California. But what you hear is you hear these cities, the people that are demanding higher wages, like from New York and Chicago and California. Well, talk to your state about that. It's not a federal issue because if you make California minimum wage to apply in Iowa or Alabama, you're going to destroy economies statewide. Not overnight. Right. Mark Amodei (R-NV) has no plans to endorse the Republican nominee in the race to replace him — and in fact, the rift between the two has continued to fester. Two months after small business owner David Flippo (R) defeated Amodei's preferred successor and friend in the GOP primary for Nevada's 2nd Congressional District, the two still

have not spoken. In an interview with Sam Shad on Nevada Newsmakers published on Wednesday, Amodei called Flippo "not my cup of tea" and said there was 'no way' he was endorsing him. […] He was especially incensed upon hearing from Shad that the Flippo campaign would not make the candidate available for an interview before the midterms, but that his staff would happily go in his place. Amodei said he wanted to judge Flippo based off his own words, not 'the manufactured communications by his Las Vegas consultants.' 'Are you telling me that you're going to be telling this guy what to do?' the congressman asked. 'That his name may be on the door, but you're the one who's calling the shots? That's not a message I'm going to support, just as a voter. … Those things I've just described to you strike me as fairly arrogant and incredibly, incredibly disrespectful to the people whose votes you want.'" Johnson, Jordan, And Miller Refused To Sign On To A Bipartisan Discharge Petition That Successfully Forced A Vote On Releasing The Epstein Files

Reps. Thomas Massie And Ro Khanna Introduced A Discharge Petition To Force A Vote On The Release Of The Epstein Files. "In the House, the 'discharge petition' to force a vote on the Massie-Khanna legislation is on track to succeed. It has 216 signatures — including all Democrats and four Republicans — and needs just two more. Those two are expected to arrive this month in the form of a newly elected Democrat in a Virginia special election and another safe blue seat in Arizona that will get a special election in late September. Massie told NBC News on Tuesday that the four Republicans who have signed on are solidly behind the effort and won't bow to pressure to remove their names. He said other GOP lawmakers have signaled to him they are open to signing the petition but prefer not to get crosswise with Trump or party leaders publicly if their votes aren't needed to pass it." [NBC News, 9/10/25]

Johnson, Jordan, And Miller Did Not Sign A Bipartisan Discharge Petition To Force The Consideration Of H Res 581. "Pursuant to clause 2 of rule XV, I, Thomas Massie, move to discharge the Committee on Rules from the consideration of the resolution (H.Res. 581) entitled, a resolution providing for consideration of the bill (H.R. 185) to advance responsible policies, which was referred to said committee July 15th, 2025, in support of which motion the undersigned Members of the House of Representatives affix their signatures, to wit:" Johnson, Jordan, And Miller were not listed as signers. - **H Res 581 Would Provide For The Consideration Of A Bill Directing The Department Of Justice To Release All Unclassified Records Related To Jeffrey Epstein And Ghislaine Maxwell.** "This resolution provides a special rule for consideration of H.R. 185 and amends that bill to direct the Department of Justice (DOJ) to make publicly available certain records related to Jeffrey Epstein or Ghislaine Maxwell. Under H.R. 185, as amended by the resolution, DOJ must publicly disclose all unclassified records, documents, communications, and investigative materials in its possession that relate to Epstein or Maxwell. The records include unclassified records referring or relating to Epstein's detention and death; flight logs of aircraft owned or used by Epstein; individuals named in connection with Epstein's criminal activities, civil settlements, or immunity or plea agreements; immunity deals, sealed settlements, or plea bargains of Epstein or his associates; entities with ties to

Epstein's trafficking or financial networks; and internal Department of Justice communications concerning decisions to investigate or charge Epstein or his associates." [Congress.gov, H Res 581, introduced 7/15/25]

A Vote On A Bill To Force The Release Of The Epstein Files Was Announced Hours After The Relevant Discharge Petition Got 218 Signatures. "Johnson, who opposes the bill, made the announcement just hours after swearing in Arizona Democrat Adelita Grijalva, who took her oath of office seven weeks after she won a late September special election to succeed her father, the longtime representative Raúl Grijalva, who died in March. Grijalva's swearing-in cleared the path for the vote to release the Epstein files, as she became the 218th and final signature on a discharge petition that automatically triggers a House floor vote on legislation demanding the justice department release the files. In her floor remarks on Wednesday, Grijalva said: 'Justice cannot wait another day. Adelante.'" [The Guardian, 11/12/25]

Lynn Chapman Was The Independent American Party Candidate For Nevada's Second Congressional District. "Chapman is the Independent American Party's nominee for CD2. She's not a newcomer, and she's not a transplant chasing an open seat. In fact, she ran for this same seat in 2024. But her real résumé goes back four decades in this state, and it's built almost entirely on showing up." [Nevada News & Views, 7/21/26]

Chapman Said Her Top Priority If Elected Would Be To Follow The Constitution In Relating To All Issues That Come Before Congress

Chapman Said Her Top Priority If Elected Would Be To Follow The Constitution In Relating To All Issues That Come Before Congress. "WHAT IS YOUR TOP PRIORITY IF ELECTED? To follow the Constitution in relating to all issues that come before Congress. I am concerned about the H1-B problem. 25% of unemployed are college graduates. H1-B people coming to America and taking jobs from Americans - that are doing the jobs now!" [2 News Nevada via Internet Archive, Archived 10/3/26, accessed 10/16/26]

Chapman Supported Stopping Illegal Immigration

Chapman Supported Stopping Illegal Immigration. "Who should be allowed to immigrate to the U.S. and under what circumstances? We have immigration laws in place right now. We as a country should be following our laws, but don't seem to. We should be vetting people that arrive here. We need to have people that are willing to assimilate into our culture and want to help build on our country and not tear it down." [iVoterGuide, accessed 10/16/26]

Chapman Opposed Sanctuary Towns, Cities And States, Saying They Were "Unconstitutional." "Strongly Disagree 'Sanctuary' towns, cities and states are unconstitutional. They are not following the state's constitution or the U.S. Constitution." [iVoterGuide, accessed 10/16/26]

Chapman Opposed Raising Taxes On Working Families

Chapman Opposed Raising Taxes On Working Families. "Consumer Prices, Gas Prices, And Housing Costs Are Historically High, While Wages Have Not Kept Pace In Nevada. What Is Your Plan To Help Nevadans Who Are Struggling Financially? Simple answer would be to stop raising taxes on our families so they can afford to take care of themselves. Bring in more jobs for our families and not give H1-B the jobs that Americans have been doing!" [2 News Nevada via Internet Archive, Archived 10/3/26, accessed 10/16/26]
